issued and enforced at the highest levels of authority At the heart of Egyptian governance was the role of Ma at which extended beyond ethical conduct to legal proceedings Ma at represented a cosmic balance that rulers were duty bound to uphold The pharaoh as the earthly representative of the gods was seen as the ultimate source of justice His decrees and judgments set legal precedents shaping the administration of law across the kingdom This divine connection made Egyptian law unique as it blended religious principles with practical governance ensuring that justice was not only a human responsibility but also a sacred duty

The State in Ancient Egypt Juan Carlos Moreno Garcia,2020 This book presents a new analysis of the organization structure and changes of the pharaonic state through three millennia of its history Moreno Garc a sheds new light on this topic by bringing to bear recent developments in state theory and archaeology especially comparative study of the structure of ancient states and empires The role played by pharaonic Egypt in new studies often reiterates old views about the stability conservatism and exceptionalism of Egyptian kingship which supposedly remained the same across the Bronze and Iron Ages Ancient Egypt shared many parallels with other Bronze and Iron Age societies as can be shown by an analysis of the structure of the state of the limits of royal power of the authority of local but neglected micro powers such as

provincial potentates and wealthy non elite and of the circulation and control of wealth Furthermore Egypt experienced deep changes in its social economic political and territorial organization during its history thus making the land of the pharaohs an ideal arena in which to test applications of models of governments and to define the dynamics that rule societies on the longue dur e When seen through these new perspectives the pharaonic monarchies appear less exceptional than previously thought and more dependent on the balance of power on their capacity to control the kingdom s resources and on the changing geopolitical conditions of their time
