A Casebook of Decolonizing Pedagogical Practices for Second Language Teacher Education Amy B. Gooden, 2024-09-23 Authentic practice for promoting equitable learning environments for all students **Modern Curriculum for Gifted and Advanced Academic Students** Todd A. Kettler, 2021-09-03 Modern Curriculum for Gifted and Advanced Academic Students addresses the need for advanced curriculum design in an age of national standards and 21st century learning innovations The text and its authors work from the assumption that the most advanced learners need a qualitatively different design of learning experiences in order to develop their potential into outstanding achievement answering the question How should we design learning experiences for our most advanced academic students in the foundational curriculum areas This book provides the most contemporary thinking about how to design in depth courses of study in the foundational curriculum areas with a high degree of complexity and advanced content The book includes chapters articulating specific design components like creative thinking critical thinking and authentic research but also subject specific chapters in mathematics language arts science and social studies to demonstrate application of those design components Resources in Education , 1998

International Handbook of Leadership for Learning Tony Townsend, John MacBeath, 2011-07-10 The International Handbook of Leadership for Learning brings together chapters by distinguished authors from thirty one countries in nine different regions of the world The handbook contains nine sections that provide regional overviews a consideration of theoretical and contextual aspects system and policy approaches that promote leadership for learning with a focus on educating school leaders for learning and the role of the leader in supporting learning It also considers the challenge of educating current leaders for this new perspective and how leaders themselves can develop leadership for learning in others and in their organisations especially in diverse contexts and situations The final chapter considers what we now know about leadership for learning and looks at ways this might be further improved in the future The book provides the reader with an understanding of the rich contextual nature of learning in schools and the role of school leaders and leadership development in promoting this It concludes that the preposition for between the two readily known and understood terms of leadership and learning changes everything as it foregrounds learning and complexifies rather than simplifies what that word may mean

Whereas common terms such as instructional leadership reduce learning to outcomes leadership for learning embraces a much wider developmental view of learning *Studies in School Improvement* Wayne K. Hoy, Michael DiPaola, 2009-04-01
