Answers for “The Hope That Is in You” Charlie Liebert, 2015-06-23 Charlie Liebert was converted to Christ at age thirty five from hardcore Atheism Because he understands how Atheists think he effectively spreads the gospel through dialogue with unbelievers Seeing many fellow Christians paralyzed by fear of not being able to answer their questions he developed here direct simple Bible based answers to those hard questions In his first book Always Be Ready to Give an Answer he proposed a strategy to get to the gospel before answering those hard questions Now its time to answer them The four most common questions are 1 Where did Cain get his wife 2 What happens to a native in the jungle who never heard the gospel Does he go to hell 3 Why do bad things happen to good people and 4 Materialists statements like I only believe in what I can see Faith is for fools Everything is relative there are no absolutes These four questions are each answered in depth to give you firm confidence in your personal evangelism Over one hundred more questions are answered simply and directly The conflict between the Bibles Creation account and the Evolution taught in our schools is analyzed to increase your confidence Your faith will be bolstered by these answers and the analysis of origins You will be empowered in your witnessing and gain great confidence in your faith Yes there are answers to those hard questions Become a fearless evangelist with real answers for the hope that is in you

Defending Evolution in the Classroom Brian J. Alters,Sandra Alters,2001 A novel handbook that explains why so many secondary and college students reject evolution and are antagonistic toward its teaching *God Interrupts History* Lieven Boeve,2007-05-25 The role of Christian faith in contemporary culture has changed dramatically Both detraditionalization the interruption of the handing on of faith from one generation to the next and pluralization Christianity is no longer the dominant player on the religious field have caused a rupture between faith and its social context After an analysis of the contextual changes the author sketches the fundamental aspects of a theology of interruption This forms the basis for his further analysis of religious experience rituals and sacraments negative theology religious plurality and incarnation and apocalypticism *The Oxford Handbook of Christian Fundamentalism* ,2023-10-26 Christian fundamentalism is a significant global movement which originally took its name from The Fundamentals a series of booklets defending classic evangelical doctrines published in the 1910s The Oxford Handbook of Christian Fundamentalism traces the roots of fundamentalism from the late nineteenth century and explores the development of the movement up to the present day Since its inception fundamentalism has proved a highly contested category By some the label is recognised as a badge of honour by others a term of abuse This volume does not offer a simple definition of fundamentalism Rather it acknowledges its many interpretative and definitional complexities and allows multiple identities to jostle together under the fundamentalist label The boundaries are porous between fundamentalism and conservative evangelicalism so the Handbook includes analysis of some conservative expressions of Christianity which show fundamentalist characteristics even in groups which refuse to define themselves as fundamentalist The relationship of fundamentalism to Pentecostalism and charismatic renewal is also explored in detail Research led chapters cover significant historical developments key doctrines such as biblical inerrancy creationism and separatism and an extensive range of moral and cultural issues to which the contribution of fundamentalism

has been significant including popular music alcohol sport and family life Contributors also chart the evolution of the movement globally far beyond its North Atlantic origins Recognising the prominence of fundamentalism beyond the Church the Handbook explores its contribution to public debates concerning political influence education human genetics civil rights business global warming sexuality Israel and the Middle East the shaping of contemporary culture and much else Christian fundamentalism this Handbook ultimately shows is one of the most significant movements operating in today s world
