4. Collect the refrigerant from A/C system.
5. Release the fuel pressure.
6. Remove the battery.
7. Remove the air intake duct, air cleaner case and air intake chamber.
8. Remove the under cover.
9. Remove the radiator from vehicle.
10. Disconnect the A/C pressure hoses from A/C compressor.
11. Remove the air intake chamber stay.

### Diagnosis of engine condition by measurement of intake manifold vacuum

| Vacuum gauge indication                                                                                                                                 | Possible engine condition                                                         |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| 1. Needle is steady but lower than normal position. This tendency becomes more evident as engine temperature rises.                                     | Air leakage around intake manifold gasket, disconnection or damage of vacuum hose |
| 2. Needle incorrectly drops to position lower than normal position.                                                                                     | Leakage around cylinder                                                           |
| 3. Needle drops suddenly and intermittently from normal position.                                                                                       | Sticky valve                                                                      |
| 4. When engine speed is gradually increased, needle begins to vibrate rapidly at certain speed, and then vibration increases as engine speed increases. | Weak or broken valve springs                                                      |
| 5. Needle vibrates above and below normal position in narrow range.                                                                                     | Defective ignition system                                                         |
