

Information to Examiners

1. General

The mark scheme for each question shows:

- the marks available for each part of the question
- the total marks available for the question
- the typical answer or answers which are expected
- extra information to help the Examiner make his or her judgement
- the Assessment Objectives, level of demand and specification content that each question is intended to cover.

The extra information is aligned to the appropriate answer in the left-hand part of the mark scheme and should only be applied to that item in the mark scheme.

At the beginning of a part of a question a reminder may be given, for example: where consequential marking needs to be considered in a calculation; or the answer may be on the diagram or at a different place on the script.

In general the right-hand side of the mark scheme is there to provide those extra details which confuse the left-hand side of the mark scheme and may be helpful in ensuring that marking is straightforward and consistent.

2. Understanding and understanding

- 201. To ensure that the marking scheme is clear, the following information is provided to assist with the marking of marks and answers. Each of the following marks and answers is provided.
- 202. To ensure that the marking scheme is clear, the following information is provided to assist with the marking.
- 203. Information is provided to assist with the marking and understanding of the use of the following marks and answers to the following questions.
- 204. Any marking that is considered to be helpful for the marking process is provided.
