Reconstructing Afghanistan William Maley, Susanne Schmeidl, 2014-11-27 This book identifies some of the main lessons for civil military interactions that can be derived from the experiences of Provincial Reconstruction Teams PRTs in Afghanistan The book has three main themes Firstly the volume analyses why the ways in which civil and military actors interact in theatres of operations such as Afghanistan matter for both those categories of actors and for the ordinary people who their interactions

serve Second the book highlights that these interactions are invariably complex The third theme which arises specifically from the PRT experience in Afghanistan is that such teams vary significantly in their roles resourcing and operational environments Consequently to appraise the value of the PRT experience it is necessary to unpack the experiences of different PRTs which the use of case studies allows one to do The volume comprises an introduction identifying some key questions to which the PRT experience gives rise and case studies of the experiences of the United States United Kingdom New Zealand Canada The Netherlands Australia Germany and France chapters dealing with the roles played by NGOs and the UN system and a discussion from an Afghan perspective of the implications of civilian casualties It is the combination of the diverse cases discussed in this book with a focus on the broad challenges of optimising civil military interactions that makes this book distinctive This book will be of much interest to students of the Afghan War civil military relations statebuilding Central Asian politics and IR in general

The UK Deployment to Afghanistan Great Britain: Parliament: House of Commons: Defence Committee, 2006-04-06 The UK is currently involved in two military operations in Afghanistan the US led coalition Operation Enduring Freedom OEF with a counter terrorism mission and the NATO led International Security Assistance Force ISAF with a security and stabilisation mission The UK led Allied Rapid Reaction Corps ARRC will command the ISAF from May 2006 to February 2007 a period which will see the extension of the ISAF s mission into the Western and Southern provinces of Afghanistan The Committee s report focuses on pre deployment issues for the UK forces to be deployed in Helmand province The report considers the likely problems they will face in attempting to balance the goals of bringing greater security to the province as well as reducing the opium trade The report raises concerns that the UK airlift and close air support capability may not be sufficient to support the Helmand deployment and also about the effect the Helmand deployment might have on the overstretch of UK armed forces particularly on pinchpoint trade personnel It also calls on the MoD to provide greater clarity about the responsibilities of UK forces to detainees under their care and in terms of the rights of detainees established in the Memorandum of Understanding with the Government of Afghanistan Safetyline ,1993
