Literature, Pedagogy, and Curriculum in Secondary Education M. Martin Guiney,2017-05-31 This book argues for the importance of literature studies using the historical debate between the disinterested disciplines art for art s sake and utilitarian or productive disciplines Forgoing the traditional argument that literature is a unique spiritual resource as well as the utilitarian thought that literary pedagogy promotes skills that are relevant to a post industrial economy Guiney suggests that literary pedagogy must enable mutual access between the classroom and the outside world It must recognize the need for every human being to become a conscious producer of culture rather than a consumer through an active process of literary reading and writing Using the history of French curricular reforms as a case study for his analysis Guiney provides a contextualized redefinition of literature s social value
