Whether he illustrated engines, transmissions, full car chassis, sports cars, race cars or classics, his cutaway artwork revealed in excruciating detail things that a camera lens could never capture. In *David Kimble's Cutaways: The Techniques and the Stories Behind the Art*, Kimble reveals the secrets, techniques, procedures and the dedication to craft that is required to produce these amazing illustrations. He covers the step by step procedures while producing fresh artwork for this book featuring a McLaren Can-Am car as well as a vintage Harley Davidson. Although the procedures covered here are unique to Kimble and pretty much a pipe dream to mere mortals, this title provides an inside look into how he does it. Also included are the stories and tales of how it all started, traveling the world to illustrate cars behind the scenes with manufacturers, the Corvette years as well as a gallery of many illustrations. Never before has David Kimble provided a look into his cutaway skunkworks or shared the procedures for bringing these beautiful technical illustrations to life.
