2007 Suburban Navigation Manual:

Sprawl Repair Manual Galina Tachieva, 2010-09-14 Sprawl Repair Manual demonstrates a step by step design process for the re balancing and re urbanization of suburbia into more sustainable economical energy and resource efficient patterns As Galina Tachieva asserts in this exceptionally useful book sprawl repair will require a proactive and aggressive approach focused on design regulation and incentives Sprawl Repair Manual draws on more than two decades of practical experience in the field of repairing and building communities to analyze the current pattern of sprawl development disassemble it into its elemental components and present a process for transforming them into human scale sustainable elements The techniques are illustrated both two and three dimensionally providing users with clear methodologies for the sprawl repair interventions some of which are radical but all of which will produce positive results

Schaller,2019-07-15 The livable city the creative city and more recently the pop up city have become pervasive monikers that identify a new type of urbanism that has sprung up globally produced and managed by the business improvement district and known colloquially by its acronym BID With this case study Susanna F Schaller draws on more than fifteen years of research to present a direct focused engagement with both the planning history that has shaped Washington D C s segregated landscape and the intricacies of everyday life politics and planning practice as they relate to BIDs Schaller offers a critical unpacking of the BID ethos which draws on the language of economic liberalism individual choice civic engagement localism and grassroots development to portray itself as color blind democratic and equitable Schaller reveals the contradictions embedded in the BID model For the last thirty years BID advocates have engaged in effective and persuasive storytelling as a result many policy makers and planners perpetuate the BID narrative without examining the institution and the inequities it

has wrought as BID urbanism has oiled the urban gentrification machine Schaller sheds light on these oversights thus fostering a critical discussion of BIDs and their collective influence on future urban landscapes
