Annual Leave Schedule Template:

A Guide to Managing Workplace Stress Trevor Hicks, McSherry Caroline, 2007 The Health up to 5 million people in the UK feel very or extremely stressed by their work and a total of 12.8 million working days were lost to stress depression and anxiety in 2004. Work related stress is therefore a serious problem and tackling it effectively can result in significant benefits for organizations. This can result in a happier and more productive workforce with fewer days away from work with stress related illnesses. Managers will also want to comply with recent HSE advice on managing stress within the workplace fulfilling their duty of care to employees. This should result in less exposure of organisations to the threat of litigation and the resultant negative publicity this causes. The intention of this book is to provide information to those who may be suffering from work related stress and to provide managers with a toolkit to help address such problems in the workforce.

What every entrepreneur needs is a handbook to guide them through every stage of actually running their business from finance to marketing from sales to hiring and managing people. The Small Business Handbook is THE essential reference for anybody who is starting a business. It provides vital advice and guidance on all the day to day aspects of running your enterprise and also helps you plan your growth and exit strategy so that whatever happens you'll be ready to tackle it informed and prepared. The accompanying CD contains a whole range of useful templates and essential documents for use in running your business and also features audio clips of successful entrepreneurs offering their tips and techniques for making your business really successful. Unlike many small business guides, Steve Parks is an entrepreneur with his own small but fast growing business. It's clear from every page of the handbook that he knows exactly what it's like to be in the reader's position and he shares everything he wishes he had had during his early years of running his own business. The book is endorsed by the Institute of Entrepreneurs and by a wide range of entrepreneurs who have been there and done it. **Federal Register**, 1937
