

ANNOTATED BIBLIOGRAPHY EXAMPLE

Nimmerblit, Griselda. "Flower Images in Fairy Tales since World War II." *Criticism in Contemporary Folk Narratives* 9.4 (1989): 71-89. Print.

Nimmerblit examines the significance of floral imagery in five different contemporary fairy tales. She argues that flowers have taken on an increasing importance in fairy stories since the end of World War II as a means of countering the "real world suburban sprawl that has occurred during the same time period" (72). Wildflowers in particular are used to evoke a Golden Age when humankind and nature existed in perfect harmony. Nimmerblit uses logical arguments to support her ideas, which are rooted in the Paleo-Verdo theory developed by the Greenman Folklorists. She also establishes some very plausible linkages between her research and the Paleo-Verdo-Jaundoists' theory of weed envy, making this article of great interest to scholars in both schools of thought.

CITATION Complete citation in a recognized citation style (MLA).

BRIEF This annotation briefly summarizes the main thrust of the article. Sticks to ideally a 10 sentence maximum and under 150 words.

published as English Renaissance Theatre History A Reference Guide by G K Hall in 1982 this annotated bibliography of scholarship in the field of Elizabethan theatre history has been out of print for almost 30 years Most academic libraries have a copy in their reference departments and this classic is now available for the personal libraries of students and scholars in the field It has never been easier to review the academic literature in such areas as reconstructions of Shakespeare s Globe Playhouse and other public and private playhouses of Shakespeare s London the court masques Inigo Jones Richard Burbage and other actors of the time the Lord Mayor s Shows Puritan opposition to the stage and other such topics The terminal date of 1979 reflects the date of original production but with this tool it is a simple matter for the scholar to update his or her review of the literature The comprehensive Index is invaluable and Stevens also provides a preface and introduction A Reference Guide for English Studies Michael J. Textbooks have been standard schoolroom fixtures for as long as most living citizens of this country can remember. Many turn of the century students were introduced to reading through the moralistic McGuffey Readers and struggled through the rather drab and colorless pages of volumes on history, geography, and civics. In contrast, today's textbooks contain not only narrative content accompanied by colorful photographs and graphics but also section and chapter exercises that are extended through the use of worksheets and other materials. Moreover, the textbook and its related student materials are packaged together with teacher's editions and tests in grade level sets that amount to content area programs rather than mere texts.

On Compiling an Annotated Bibliography James L. Harner, 2015-01-01 James Harner's popular pamphlet first published in 1985 has been revised and updated in the light of advances in computer technology and the availability of humanities databases. Harner offers useful information on planning research, organizing an annotated bibliography, compiling entries using a computer to prepare the manuscript, and editing. While the booklet focuses on the preparation of a comprehensive bibliography on a single literary author, the procedures and techniques are easily adapted to selective or subject bibliographies and to other periods and disciplines.
