The One Percent Solution Gordon Lafer, 2017-04-04 In the aftermath of the 2010 Citizens United decision it s become commonplace to note the growing political dominance of a small segment of the economic elite But what exactly are those members of the elite doing with their newfound influence The One Percent Solution provides an answer to this question for the first time Gordon Lafer s book is a comprehensive account of legislation promoted by the nation s biggest corporate lobbies across all fifty state legislatures and encompassing a wide range of labor and economic policies In an era of growing economic insecurity it turns out that one of the main reasons life is becoming harder for American workers is a relentless and concerted offensive by the country s best funded and most powerful political forces corporate lobbies empowered by the Supreme Court to influence legislative outcomes with an endless supply of cash These actors have successfully championed hundreds of new laws that lower wages eliminate paid sick leave undo the right to sue over job discrimination and cut essential public services Lafer shows how corporate strategies have been shaped by twenty first century conditions including globalization economic decline and the populism reflected in both the Trump and Sanders campaigns of 2016 Perhaps most important Lafer shows that the corporate legislative agenda has come to endanger the scope of democracy itself For anyone who wants to know what to expect from corporate backed Republican leadership in Washington D C there is no better guide than this record of what the same set of actors has been doing in the state legislatures under its control

High Seas Governance Robert C. Beckman, Millicent McCreath, J. Ashley Roach, Zhen Sun, 2018-11-26 High Seas Governance Gaps and Challenges identifies gaps in and challenges to the existing legal regime in the protection and preservation of the marine environment of the high seas including sensitive marine areas The gaps identified in the book include the failure of liability and compensation schemes to cover pollution of the high seas and the fact that no state has the

responsibility to clean up pollution of the high seas One common theme of the book is that it is necessary to identify a state other than flag states port states or coastal states which should have an obligation to exercise jurisdiction and control over certain activities on the high seas

Health Inequality Mel Bartley,Michelle Kelly-Irving,2024-11-06 The persistence of stark health inequalities in today s world is painfully clear to see not least in the effects of the Covid 19 pandemic and falling life expectancy in many parts of the world How can we advance our understanding of the full extent of health inequality what drives it and ways to address it The third edition of this popular book closely examines the influence of social class gender and race ethnicity among other issues on health in the light of broad macro political contexts The classic behavioural psychosocial and material approaches to health and their embodiment within a life course perspective are introduced but importantly are also re situated within the growing understanding of the commercial and political determinants of health Bartley and Kelly Irving draw on extensive new evidence that shows how the chances for everyone to lead a long and healthy life depend on where power lies to control health damaging policies and introduce health promoting ones Health Inequality will continue to be essential reading for students taking courses in the sociology of health and illness social policy and welfare health sciences public health and epidemiology and all those interested in understanding the consequences of social inequality for health

The Poisoning of the American Mind Lawrence M. Eppard,Jacob L. Mackey,Lee Jussim,2024-09-25 What would you have to believe in order to dress up as a shaman paint your face and storm the U S Capitol What could possibly lead somebody to claim that it upholds white supremacy to encourage hard work self reliance rational thinking punctuality and politeness Such behaviors would have been unimaginable only a few years ago And yet here we are witnessing millions of people across the political spectrum displaying these clear indications of an epistemically poisoned mind Both red America and blue America are retreating into their own information bubbles seceding from a common reality Both consume far too much misinformation and disinformation developing worldviews that can sometimes be unintelligible to others This book explores these disturbing developments and what they mean for our society and implores us all to recover a shared sense of what is true

Strengthening the Military Family Readiness System for a Changing American Society National Academies of Sciences, Engineering, and Medicine,Division of Behavioral and Social Sciences and Education,Board on Children, Youth, and Families,Committee on the Well-Being of Military Families,2019-10-25 The U S military has been continuously engaged in foreign conflicts for over two decades The strains that these deployments the associated increases in operational tempo and the general challenges of military life affect not only service members but also the people who depend on them and who support them as they support the nation their families Family members provide support to service members while they serve or when they have difficulties family problems can interfere with the ability of service members to deploy or remain in theater and family members are central influences on whether members continue to serve In addition rising family diversity and complexity will likely increase the difficulty of creating military policies programs and practices that adequately

support families in the performance of military duties Strengthening the Military Family Readiness System for a Changing American Society examines the challenges and opportunities facing military families and what is known about effective strategies for supporting and protecting military children and families as well as lessons to be learned from these experiences This report offers recommendations regarding what is needed to strengthen the support system for military families
