Ancient Israel S History An Introduction To Issues And Sources:

Ancient Israel's History Bill T. Arnold, Richard S. Hess, 2014-11-11 The history of Israel is a much debated topic in Old Testament studies On one side are minimalists who find little of historical value in the Hebrew Bible On the other side are those who assume the biblical text is a precise historical record Many serious students of the Bible find themselves between these two positions and would benefit from a careful exploration of issues in Israelite history This substantive history of Israel textbook values the Bible s historical contribution without overlooking critical issues and challenges Featuring the latest scholarship the book introduces students to the current state of research on issues relevant to the study of ancient Israel The editors and contributors all top biblical scholars and historians discuss historical evidence in a readable manner using both canonical and chronological lenses to explore Israelite history Illustrative items such as maps and images visually support the book s content Tables and sidebars are also included

authoritative yet accessible companion to the book of Deuteronomy Biblical Leadership Benjamin K. Forrest, Chet Roden, 2017-11-28 Biblical Leadership takes the best of evangelical scholarship to make the leadership lessons of Scripture tangible for today's readers. All contributors are biblical scholars who not only think seriously about the texts covered in their individual chapters but have committed their lives to teaching and living the truths therein. This volume walks through the sections of the Bible, gleaned insights from each biblical writer. Every chapter analyzes the original setting of the writing, extrapolates the leadership principles in the text, and provides advice on applying that theology of leadership. Presented in everyday language, understandable to both professionals and practitioners, these lessons will equip current and upcoming leaders to make a Christlike impact. *The Oxford Illustrated History of the Holy Land* Robert G. Hoyland, Hugh Godfrey Maturin, Williamson, 2018 The story of the Holy Land encompassing the three millennia that saw the birth of Judaism, Christianity, and Islam. How can Christians confidently present their beliefs in the face of doubts and competing views? In this second edition of a landmark apologetics text, Douglas Groothuis makes a clear and rigorous case for Christian theism, addressing the most common questions and objections raised regarding Christianity. Exploring the Composition of the Pentateuch, Volume 2 L. S. Baker Jr., Kenneth Bergland, Felipe A. Masotti, A. Rahel Wells, 2025-11-18 While the critique of existing approaches to the composition of the Pentateuch has its place, the editors of this volume argue that there is a need to formulate positive proposals based on verifiable data and logical argumentation. Building on the foundation established in the preceding volume, *Exploring the Composition of the Pentateuch Volume 2* pursues this goal by addressing three essential questions: What are key strategic areas of research that need attention? In what areas can we draw conclusions? And what are the limits of available relevant evidence? Part 1 of this volume investigates the readability of the Pentateuch, exploring narrative techniques, inconsistencies, and coherence. Part 2 tackles issues relevant for the dating of Deuteronomy, like the narrative retelling in Deut 1-3, dating based on parallels to the Loyalty Oath of Esarhaddon, and deuteronomistic tribal language. And part 3 focuses on issues related to the overall dating of the Pentateuch, discussing empirical models, comparisons with the Hazor Legal Fragments, turning points in Pentateuchal scholarship, the direction of dependence between the legal material of the Pentateuch, and the absence of Zion theology in the

A Theocentric Interpretation of Nathan S. French,2021-02-15 On a primary level the author seeks to answer the question what is the best interpretation of The Knowledge of Good and Evil in Gen 2 9 17 3 5 and 3 22 In Gen 3 5 and 3 22 this knowledge is said to be possessed by YHWH and the divine beings This study analyzes the permutations of good and evil bad in the Hebrew Bible with a majority focus in Genesis and the Deuteronomistic History and with a focus upon those textual instances in which YHWH has influence over good and bad evil Due to the results of the data the author brings in a second level of discussion that focuses upon the hermeneutical principle of divine retribution as a structuring element for ancient Near Eastern historiography On a third level the author turns to divine blessing and cursing and its association with good and evil in ancient Near Eastern texts and in the Hebrew Bible Due to this specific theocentric analysis of the lexemes juxtaposed with the author s wider study of ancient Near Eastern history and culture the answer to the guiding question of this study is therefore proposed by the author as The Divine Knowledge for Administering Reward and Punishment Ergo the Eden Narrative tells a story of how humans partly attain divinity becoming like YHWH and the divine beings Gen 3 5 3 22 Ps 82 in having acquired the forbidden divine knowledge for wielding ultimate power

Judges 1 Mark S. Smith,Elizabeth M. Bloch-Smith,2021-11-23 This groundbreaking volume presents a new translation of the text and detailed interpretation of almost every word or phrase in the book of Judges drawing from archaeology and iconography textual versions biblical parallels and extrabiblical texts many never noted before Archaeology also serves to show how a story of the Iron II period employed visible ruins to narrate supposedly early events from the so called period of the Judges The synchronic analysis for each unit sketches its characters and main themes as well as other literary dynamics The diachronic redactional analysis shows the shifting settings of units as well as their development commonly due to their inner textual reception and reinterpretation The result is a remarkably fresh historical critical treatment of 1 1 10 5
