Anger Coping Program Manual:

Helping Schoolchildren Cope with Anger Jim Larson, John E. Lochman, 2010-10-19 This invaluable guide presents all of the information and clinical tools needed to implement the Anger Coping Program an empirically supported intervention for students in grades 3-6. Practitioners are taken step by step through setting up treatment groups, teaching vital skills for reducing aggression and disruptive behavior, and building strong partnerships with teachers and parents. Many practical suggestions are provided for adapting the program to different settings and optimizing student outcomes. In a large size format to facilitate photocopying, the book includes reproducible handouts, forms, and parent letters in English and Spanish. New to this Edition: Redesigned to be even more practitioner friendly; Chapters on integrating the Anger Coping Program with schoolwide response to intervention (RTI) and positive behavioral supports; Intervening with girls and with culturally diverse students; and working with individuals instead of groups. Several new reproducible tools including a classroom progress monitoring report.

Handbook of Anger Management Ron Potter-Efron, 2012-08-21 Get the most from your ability to work with clients suffering the effects of chronic anger. The Handbook of Anger Management provides therapists and counselors with a comprehensive review of anger and aggression management techniques, presenting specific guidelines to a number of immediately useful methods. Clinical psychotherapist Ronald T. Potter-Efron, Director of the Anger Management Center at First Things First LTD in Eau Claire, Wisconsin, offers straightforward solutions to the complicated problem of anger, detailing core treatment options and intervention methods that meet the needs of individual clients, couples, families, and groups. This practical guidebook examines rage, aggression, hostility, resentment, hatred, anger avoidance, and chronic anger, and includes fact-based case studies that illustrate effective theory and practice. The Handbook of Anger Management guides therapists through the process of assessing anger in their clients, determining the reasons for and the consequences of anger and aggression. The book examines individual and group modalities using behavioral, cognitive, affective, and existential/spiritual treatment approaches to define anger and anger problems and how they relate to social learning, to examine the relationship between anger and aggression and between anger and domestic violence, and to address the concept of healthy anger. The Handbook of Anger Management examines four major intervention areas that can help lessen anger: the pros and cons of group versus individual counseling; treating angry children, adolescents, and families; how patterns of resentment and hatred are developed; self-forgiveness; five damaging aspects of anger turned inward; the neurological aspects of anger; and much more. The Handbook of Anger Management is an essential guidebook for psychologists, social workers, anger management therapists, and domestic abuse counselors, and for academics working in mental health fields.

Helping Schoolchildren Cope with Anger Jim Larson, John E. Lochman, 2002-01-24 A complete, readily applicable guide for school-based professionals, this book presents an empirically supported group intervention for 8 to 12-year-olds with anger and aggression problems. The Anger Coping Program has been demonstrated effective in reducing teacher and parent-directed

aggression and enhancing students classroom behavior social competence and academic achievement In one volume the authors provide a session by session cognitive behavioral treatment manual a clear rationale for the program and instructions for implementation Also included are detailed guidelines for monitoring outcomes and successfully duplicating the intervention across multiple settings Many helpful examples enhance the practical utility of the book as do reproducible teacher handouts child self report forms and parent letters in English and Spanish
