Anchor Papers For Persuasive Writing:

Schooling by Design Grant P. Wiggins, Jay McTighe, 2007 The authors of Understanding by Design share a compelling strategy for creating schools that truly fulfill the central mission of education to help students become thoughtful productive and accomplished at worthy tasks

17,000 Classroom Visits Can't Be Wrong John V. Antonetti, James R. Garver, 2015-02-20 Most educators are skilled at planning instruction and determining what they will do during the course of a lesson However to truly engage students in worthwhile rigorous cognition a profound shift is necessary a shift in emphasis from teaching to learning Put another way we know that whoever is doing the work is also doing the learning and in most classrooms teachers are working much too hard Authors John V Antonetti and James R Garver are the designers of the Look 2 Learning model of classroom walkthroughs They've visited more than 17 000 classrooms examining a variety of teaching and learning conditions talking to students examining their work and determining their levels of thinking and engagement From this vast set of data they've drawn salient lessons that provide valuable insight into how to smooth the transition from simply planning instruction to designing high quality student work The lessons John and Jim have learned from their 17 000 and counting classroom visits can't be wrong They share those lessons in this book along with stories of successful practice and practical tools ready for immediate classroom application The authors also provide opportunities for reflection and closure designed to help you consider or reconsider your current beliefs and practices Throughout you will hear the voices of John and Jim and the thousands of students they met as they provide a map for shifting the classroom dynamic from teaching to learning

Professional Learning Communities by Design Lois Brown Easton, 2011-07-14 This practical guide to the successful implementation of Professional Learning Communities is focused on the intentional learning and actions of teachers who wish to help struggling students succeed and narrow achievement gaps The author includes a range of professional learning designs protocols and tools that can be applied to various PLC contexts Each chapter includes an installment of a realistic and meaningful case narrative that describes what happens as faculty members work toward improving learning for all students Provided by publisher
