**Abstracts** ,1987      *Keyboard* ,1987      *Recreation, Sports & Leisure* ,1987      Japan Encyclopedia Louis-Frédéric,2002  
Knowing Japan and the Japanese better Louis Fr d ric states in the introduction to this encyclopedia is one of the necessities  
of modern life The Japanese have a profound knowledge of every aspect and detail of Western societies Unfortunately we in  
the West cannot say the same about our knowledge of Japan We tend to see Japan through a veil of exoticism as a land of  
ancient customs and exquisite arts or we view it as a powerful contributor to the global economy the source of cutting edge  
electronics and innovative management techniques To go beyond these clich s we must begin to see how apparently  
contradictory aspects of modern Japanese culture spring from the country s evolution through more than two millennia of  
history This richly detailed yet concise encyclopedia is a guide to the full range of Japanese history and civilization from the  
dawn of its prehistory to today providing clear and accessible information on society and institutions commerce and industry  
sciences sports and politics with particular emphasis on religion material culture and the arts The volume is enhanced by  
maps and illustrations along with a detailed chronology of more than 2 000 years of Japanese history and a comprehensive  
bibliography Cross references and an index help the reader trace themes from one article to the next Japan Encyclopedia will  
be an indispensable one volume reference for students scholars travelers journalists and anyone who wishes to learn more  
about the past and present of this great world civilization
