God's Image and Global Cultures Kenneth Nehrbass,2016-08-26 Globalization has raised numerous questions about theology and culture for Christians How should we respond to outsourcing and immigration How does anti Western sentiment affect the proclamation of the gospel What is the role of the church in society This book argues that Christians will be most fulfilled and most effective if they embrace their cultural activity rather than feel ambivalent about it The central question of this book is how does bearing God s image relate to cultural activity Nehrbass explains that spheres of culture such as political technological and social structures are systems that God has instilled in humans as his image bearers so that they can glorify

and enjoy him forever Therefore a theology of culture involves recognizing that the kingdom of God encompasses heaven and Earth rather than pitting heaven against Earth The text surveys anthropological explanations for humanity s dependence on culture and shows that each explanation provides only partial explanatory scope The most satisfying explanation is that a major functional aspect of bearing God s image is engaging in culture since the Trinity has been eternally engaged in cultural functions like ruling communicating and creating Each chapter contains a summary and questions about what it means to be a world changer in the twenty first century

America's Destiny: Choosing God's Will or Ours (A Historical & Latter-day Saint Perspective) Tad R. Callister, 2023-07-10 America s Destiny sets forth compelling evidence of America s divine origin and destiny that it was a nation founded upon divine providence not coincidence as testified repeatedly by the Founding Fathers respected historians and statesmen This revised edition also adds numerous scriptures and statements from prophets of God attesting to this truth With that perspective America s Destiny asks the question that should be on all of our minds What is the greatest challenge facing our nation today and how should we confront it in a way that pleases God The economy national security immigration gun control poverty racism crime national pandemics climate change While each of these is a valid concern and deserves attention none of them strikes at the heart of our greatest challenge namely finding a way to build stronger homes and bring about a return to family God and moral values To put our prime focus on challenges other than these is to strike at the leaves not the root of the problem It is now our choice and America s choice to place our trust in the wisdom of God or the wisdom of the world to be a nation under God or without God If we become a nation under God then we become eligible to receive the promise Blessed is the nation whose God is the Lord Psalm 33 12 *The Pearson General Knowledge Manual 2011* Thorpe Edgar, 2011-09

One Nation Ben Carson, MD, Candy Carson, 2014-05-20 Dear Reader In February 2013 I gave a speech at the National Prayer Breakfast Standing a few feet from President Obama I warned my fellow citizens of the dangers facing our country and called for a return to the principles that made America great Many Americans heard and responded but our nation s decline has continued Today the danger is greater than ever before and I have never shared a more urgent message than I do now Our growing debt and deteriorating morals have driven us far from the founders intent We ve made very little progress in basic education Obamacare threatens our health liberty and financial future Media elitism and political correctness are out of control Worst of all we seem to have lost our ability to discuss important issues calmly and respectfully regardless of party affiliation or other differences As a doctor rather than a politician I care about what works not whether someone has an R or a D after his or her name We have to come together to solve our problems Knowing that the future of my grandchildren is in jeopardy because of reckless spending godless government and mean spirited attempts to silence critics left me no choice but to write this book I have endeavored to propose a road out of our decline appealing to every American s decency and common sense If each of us sits back and expects someone else to take action it will soon be too late But with your help I firmly believe that America may once again
