Walking on Air by George the Greek George Livieratos, 2003-12-26 This book is a story about the life of George Livieratos whose success personified the American Dream It is a story of an adventurous life filled with endless involvements As a young child in Greece he becomes an orphan during World War II when both of his parents were killed during a German bombing attack Joining the merchant marines George traveled around the world and enjoyed the experiences of many cultures At the age of 21 George immigrated to the United States After 35 years of hard work and a lot of good times he reaches a financial plateau of rich and fame He had become the Chairman of one of the fastest growing penny stock companies on Wall Street In 1983 George became one of the first targets of the United States Organized Crime Task Force This action brought him and his family into the lowest level of human despair when ultimately led to the death of his son and the destruction of his financial empire The story is very exciting it tells how he made his deals and can help to mature students of business overnight His deal making shows a simple way to do business using common sense and golden rules George is a capitalist with a liberal heart It takes courage and power to face the forces of evil to defy them provoke them and ignore their ruthless power The transcripts of his trials prove his courage and statements This book tells how he stood up for his principles of loyalty pride and self respect Sacrificing himself and taking a fall Discover how the resolve of this Greek immigrant's mind and soul empowered him to defy incarceration and even death from his compelled oppressors In 1986 when he was incarcerated and refused bail pending his appeal his morale remained as furious as ever This story details how the U S Justice Department prosecuted and convicted Mr Livieratos and his co defendants The story indicates that interpretation politics and selective application of the law can lead to the conviction of the best intentioned while protecting the potentially less desirable His description of the Federal Prison System is in such detail and simplicity that it can be used by inmates as a Federal Prison manual His characterization of governmental regulatory agencies depicts them as large bureaucratic quagmires which complicates and destroys the interest of the victimized citizens Although considered outrageous by some he provides opinions on how he thinks organized crime and the mafia was a better alternative to the current drug infested street crime His human instincts will open the public's eyes and hearts for a better society based on love and care for all humans The author hopes this book will wake up Americans to strive for equal justice for all regardless of your social status color or religion The Author's main point is to expose his characterization of the hypocrisy of government

officials who don't care about the people but only the power they possess. His colorful sexual encounters and lustful desires add some levity to an otherwise tragic Greek epic. **New York Magazine**, 1982-06-07. No Credit Bad Credit Average Credit Just Want To Learn About Finance Well congratulations because you have found the right book. Not even the table of contents can show all the lessons contained within this book meant to help consumers fight all types of financial problems just as Danny Singh fights for his mother including avoiding a foreclosure reclaiming a repossessed car fixing credit avoiding deceptive loans as well as checking accounts filled with fees and getting denied credit applications approved. In response to the student loans crisis looming in America and as a community college student himself Danny advocates going to a community or state college and doing the maximum number of classes is the best financial decision that can be made versus getting into 100 000 of debt. Without needing bogus and expensive credit repair agencies Danny will emphasize the most effective debt repayment plans and methods to save money on everyday purchases allowing for consumers to be debt free in months instead of years. Besides student loan debt Danny expresses credit unions are the solution for consumers to effectively pay off any type of debt such as credit cards auto loans and mortgages. Being free of debt will cause their insurance premiums to decrease and increase their chances of better employment. In addition consumers will be able to enjoy lives free of bankruptcy. Saving for retirement and other financial goals will be a breeze. Despite the financial conditions of a consumer or the economy perfect credit is never impossible and Danny proves this in *Finance 101 The Whiz Kids Perfect Credit Guide*.
