

ORIGINS OF AMERICAN GOVERNMENT

Guided Reading: Government in Colonial America

Directions: Read the main ideas for sections JCE and use Chapter 2 + Section 2 of the textbook to complete the statements with the words included in the column titled answers. Then use the Summary 2 column to write down answers the questions in the space provided.

A. Write down English colonies, ideas about the role and shape of government influenced the growth of the colonies, the laws that (influenced) and the system of government that have today.

1. British, Christianity, culture and influenced from British lawmakers are important contributions to the founding principles and development of the United States.

2. The principle that a government's power is derived absolutely from the Magna Carta, which the English people have regarded as a guarantee of British, government.

3. The English Bill of Rights and other documents that established and confirmed constitutional documents applied to them and gave them the same rights as people living in Britain.

4. The English system of law, especially as organized by the British Parliament, was widely followed in the colonies.

5. British Parliament, which distinguished themselves from people, was a familiar example of representative government, but they criticized it.

6. Thomas Hobbes developed the Social, Contract, theory which suggested that people give up their individual sovereignty to the government in exchange for the government's maintenance of law and order.

7. John Locke believed that people have natural, rights, as human beings and a government that failed to protect them has lost their legitimacy.

8. John Locke believed in law, justice, liberty, freedom that people rights and responsibilities beyond any single as a community, especially as a social contract to protect their rights while creating law and government.

9. Charles-Louis de Montesquieu suggested separation, the powers of government.

10. Write down: Each of the thirteen colonies had its own government consisting

Evaluating American Democracy and Public Policymaking William D. Schreckhise,2018-03-02 Lurking in the back of the minds of many students of American government is the question How well does the American political system work This book examines this in a way that is broad in approach and accessible to readers Such an ambitious examination of the effectiveness of the American policymaking system leads to one inescapable question how can you measure effectiveness The answer taken in this book is to employ a number of different criteria These criteria include the public s attitudes towards the institutions of government the degree in which all participate equally in political activities the level of which public policy is responsive to public opinion the ability of the actors in the process to create effective public policy the extent the political system imposes costs and benefits on us equally regardless of our economic condition race gender or age In doing so this book ties together and expands upon numerous scholarly studies conducted on American public policymaking and uses David Truman s Systems Model as a conceptual guide Because of the large amount of data presented the book will also serve as a reference source for others conducting research on American public policy
