Students Book + Oxford Online Skills Program Pack Liz Soars, John Soars, 2015-04 The world's most trusted English course now with a new generation of digital support *The Social Construction of Age* Patricia Andrew, 2012-01-11 This book explores the social construction of age in the context of EFL in Mexico It is the first book to address the age factor in SLA from a social perspective Based on research carried out at a public university in Mexico it investigates how adults of different ages experience learning a new language and how they enact their age identities as language learners By approaching the topic from a social constructionist perspective and in light of recent work in sociolinguistics and cultural studies it broadens the current second language acquisition focus on age as a fixed biological or chronological variable to encompass its social dimensions What emerges is a more complex and nuanced understanding of age as it intersects with language learning in a way that links it fundamentally to other social phenomena such as gender ethnicity and social class *American Headway 2* John Soars, Liz Soars, 2001 *Catalog of Copyright Entries.
