Immortalaeism Vul Impera, 2020-02-28

Vul Impera investigates the fundamental philosophical aspects of power demonstrating fundamental aspects of the relationship of power itself and the relationship of power to human nature. Examining what power is, Vul proceeds to discuss what power is to people and in a convincing argument illustrates how to increase in power and also to determine if one is powerful. In the second writing of *Immortalaeism*, Vul illuminates the philosophy of empire. Concerned with the element of rulership which was discussed in power, Vul provides a beginning for the philosophy of empire which he simply uses as an empirical demonstration of power indicating it is written to be an appendix demonstrating power in organisation. Lastly, Vul relates a spiritual book called *Immortalae* which was produced through a spiritual endeavour that lasted thirteen years from the time Vul was eighteen. Attempting many religions experiences and philosophies, Vul communicates his spirituality which he has founded and established as his own religion which in eventuality includes all three written works into a paradigm that Vul labels *Immortalaeism*. Vul provides spiritual answers that surround the notion of the holy grail in the final book. All three writings are transmitted through his personal experience on the subjects and are a product of his life circumstances.
