Bixby, Judith L. Pace, 2014-03-14 This book offers a groundbreaking examination of citizenship education programs that serve contemporary youth in schools and communities across the United States These programs include social studies classes and curricula school governance and community based education efforts The book takes an interdisciplinary approach to exploring the experiences and perspectives of educators and youth involved in these civic education efforts The contributors offer rich analyses of how mainstream and alternative programs are envisioned and enacted and the most important factors that shape them A variety of theoretical lenses and qualitative methodologies are used including ethnography focus group interviews and content analyses of textbooks      *Rural America's Pathways to College and Career* Rick Dalton, 2021-04-21 This book provides solutions to the vexing educational challenges that rural communities face and serves as a how to guide for building college and career readiness within rural schools Rural America s Pathways to College and Career shares practical tips that can be used by educators and community members to transform rural schools help students develop essential skills locate and train college and career ready advisors establish business partnerships build college readiness leverage technology build interest in science technology engineering and math STEM careers and understand how to pay for college Based on research and drawing on best practice and poignant stories Dalton shares examples of success and challenges from interviews conducted with over 200 individuals who have participated in programs across the country By helping rural youth learn about the opportunities available and by providing them with the support they need to succeed this book serves as an actionable guide to helping students in rural schools attain postsecondary school success      Education Across the African Diaspora Derron Wallace, Kassie Freeman, Ernest Morrell, Henry Levin, 2023-12-05 This book examines the opportunities orientations and outcomes that shape education for Black people across time place and space throughout the African diaspora It bridges gaps in education studies and African diaspora studies noting the connections between these two formative fields as central to a fuller understanding of the history and futurity of African descendants around the world The chapters in this volume showcase the work of scholars across disciplinary boundaries national contexts and methodological

expertise all of whom are deeply concerned with education for Black children young people and adults from critical perspectives Crucially this volume explores the social political psychic and material dimensions of education for Black people within the African diaspora as already part of a larger global phenomenon linking the national and the international the local and the global for a more comprehensive understanding of the past present and future of education for people of African descent around the world Education Across the African Diaspora will be a key resource for scholars and researchers of education studies African diaspora studies education history African studies black studies ethnic studies and sociology This book was originally published as a special issue of Peabody Journal of Education

### **Organizing the Curriculum**

,2019-02-11 Contemporary American youth live in a culture that ignores or denigrates labor unions Mainstream media cover labor issues only sparingly and unions no longer play much of a role in popular culture texts films or images In our schools labor has been limited to a footnote in textbooks instead of being treated seriously as the most effective force for championing the rights of working people the vast majority of the citizenry Teachers have been convinced that to bring up class or to teach about the labor movement may be construed as taking sides while the all pervasive presence of corporate America in our schools is rarely questioned So for all the talk of schools preparing young people for the work world we are failing to teach them even the basics of how that world is structured or how they can be empowered through collective action Organizing the Curriculum Perspectives on Teaching the US Labor Movement is the first book length treatment of this blind spot in contemporary curriculum and pedagogy Contributors to this collection unionists activists teachers teacher educators and academics interrogate the ways in which knowledge is constructed in school discourses conceptualize pedagogical strategies and curricula that open discussions around class analysis and political economy via studies of the labor movement and put forward an activist vision of education that truly engages young people beyond the classroom walls El-Hi

### **Brief Review in United States History and Government**

Margaret Coel,2006 **Asian/American Curricular Epistemicide** Nicholas D. Hartlep,Daniel P. Scott,2016-08-18 In this important book Nicholas Hartlep and Daniel Scott s detailed analyses on both visual and historical representations of Asian Americans in textbooks and teacher manuals used in our elementary and secondary schools poignantly tell us that generations of children are growing up being fed this single story about Asian Americans As Hartlep and Scott write Asian Americans have once again been constructed as the good minority that can succeed on their own and be used as a political instrument to shame the Blacks for their underachievement and their fight for equality Over and over again the media has been telling a single story about Asian Americans to the public for the past fifty years The consequence of this fabricated story is that it discourages others even Asian Americans themselves from believing in the validity of their struggles Linshi 2014 p 1
