Spiritual Exercises Reclaimed, 2nd Edition, The Liebert, Elizabeth, Paulin-Campbell, Annemarie, 2022 This companion to the Spiritual Exercises in an anniversary edition does justice to women's experience across contexts and social locations While acknowledging obstacles that the Exercises hold for women in various contexts the authors provide fresh interpretations of every aspect of this spiritual classic They bring together feminist consciousness a broad knowledge of psychology and theology and the compassionate insight of experienced spiritual guides The situation of women making and giving the Spiritual Exercises has changed radically in the past two decades since the publication of the previous edition which highlights the variety women's experience of the Spiritual Exercises from different cultural contexts It also draws from new and younger women's voices thus extending the reach of the original text to another generation over wider geographic and cultural spread The revised book opens up new ways in which the Exercises may offer liberating possibilities for women world wide

The Dialectic of the Spiritual Exercises of St. Ignatius of Loyola Gaston Fessard S.J., 2022-07-18 Gaston Fessard S J 1897 1978 was a major mid twentieth century French intellectual He was a Hegel expert but also wrote on issues of the day ranging from the Vichy regime to Christian Marxist dialogue The product of several decades of reflection Fessard's work on the Dialectic of the Spiritual Exercises of St Ignatius of Loyola is the only one of its kind a careful and penetrating study into the structure and tension of life changing choices that Ignatius had in mind in his four week spiritual exercises The Exercises insist on the way of making a spiritual Election or choice in keeping with God's will for oneself and for the Christian community at a particular moment in one's existence

Impelling Spirit Joseph F. Conwell, 1997 *Impelling Spirit* is a book about Jesuit spirituality as seen in its origins As such it responds to the challenge of Vatican II that the appropriate renewal of religious life demands a return to the sources of Christian life and the spirit and aims of the founders of an institute The instrument the author employs is a 1539 document Ignatius and his companions drafted for Pope Paul III as an apostolic letter addressed to themselves this document long neglected and largely unknown clearly reveals how they understood themselves and their way of life It demonstrates that the spirit and aims of the Society though radical in 1539 were also deeply rooted in the Christian tradition
