Philosophical essays ... Third edition Dugald Stewart, 1818 Exegetical Essays, 3rd Edition Don Garlington, 2003-10-13
Exegetical Essays is a collection of thirteen biblical studies. The purpose of each is to fill a gap in New Testament research or to offer alternate understandings of familiar passages. The second edition of these Essays incorporates corrections and updated documentation and presents three new studies. The order of the articles follows as closely as possible the canonical biblical text. The book commences with a consideration of the biblical theological method followed by an Old Testament essay and then proceeds through the Gospels, Paul and Revelation and concludes with review articles of two recent notable books.
