2009 Honda Shadow 750 Manual:

Runways & Racers Terry O'Neil, 2011 Runways and Racers focuses on sports car races held at military installations throughout America in the early 1950s. It was a marriage of convenience for the Sports Car Club of America and the Strategic Air Command with both parties gaining advantages from the arrangement. The thorn in the side turned out to be a Congressman whose own aspirations exceeded his standing but who found himself in a position to be able to influence the outcome of events.

Amédée Gordini Roy P. Smith, 2022 This is the story of a man, a team and their life and times as well as a complete record of all their achievements and failures. It logs the financial and personal cost of racing in the prewar and postwar periods. It tells of how the mighty car company Renault became involved with them in the late 1950s and how Amédée Gordini became known throughout the world as one of the greatest engine tuners of his time.

Northeast American Sports Car Races 1950-1959 Terry O'Neil, 2010 This book focuses on the different aspects that contributed to the development of Northeast American sports car racing during the 1950s. The evolution from amateur drivers racing on public roads in 1950 to both professional and amateur drivers racing at private purpose built tracks in 1959 demanded huge leaps of faith, trust and understanding. The transition was neither easy nor uneventful for drivers, clubs or track owners and the tragedy, politics and in

Cycle World Magazine, 2009-01
Vincent Motorcycles Philippe Guyony, Very few motorcycles have carved a mark in history like the Vincent V twin from its arrival in 1946 and up to the present day. On the road in club racing in drag races or competing for land speed records it dominated the motorcycle world leading to the famous catchphrase coined by the factory: The World's Fastest Standard Motorcycle. It was a FACT NOT a slogan. Images such as that of Rollie Free in swimming trunks laying flat on his works modified Black Shadow and taking the American motorcycle land speed record at Bonneville in 1948 have now passed into posterity. In fact the big Vincent was so ahead of its time that it continued to compete successfully almost arrogantly in racing until the mid 1970s against modern bikes. No other motorcycle in the world can claim this kind of achievement. Following the premature ending of Vincent production Fritz Egli's 1967 Egli Vincent was the first chassis completely redesigned for a Vincent in 21 years. Egli's machine inspired numerous builders for several generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and modern history of the Vincent. Understand how the flame of passion still burns brightly today.
