Astrological Counselling: A basic guide to astrological themes in person-to-person relationships

Christina Rose,2024-11-22 Astrological Counselling was originally published in 1982 and at the time was a ground breaking text in its use of astrology and counselling with clients Christina Rose strongly believed and taught that not only is the astrologer a translator of chart factors but they are also required to deliver that translation in ways that are appropriate to the client and in doing so are beckoned forward as counsellors As such her work bears witness to the fertile area of cross referral that was beginning to be cultivated at that time between astrological psychological and other practitioners who were all linked by one central purpose that of human understanding This lovely book is presented in its original unrevised form which has the benefit of demonstrating with copious case studies that some things never change Suitable for all levels of astrologer and counsellor
