The Alpha's Woman Carolyn Faulkner, 2018-07-04 She is nothing more to him than a means to obtain children When she is released from the stasis she voluntarily entered the world that greets Emily Harding is far from what she expected It more closely resembles a post apocalyptic novel than the rolling green Tennessee hills she's left behind Worse than that it seems that the rule of law is a thing of the past and that society has devolved into what it was thousands of years ago feudal tribes warring with each other over precious and rare supplies which includes females One type of female in particular It is raw unforgiving and animalistic Much like the behavior of the man who takes her captive and holds her there forcing her to learn that even she is not unaffected by the changes that have been wrought on the world proving to her time and time again that she is nothing more to him than a means to obtain children And making her scream in agonizing pleasure as he does so Publisher's Note The Alpha's Woman is a dark tale with some explicit themes
