January 1961 Completing a monumental project that began with publication of The War Years in 1970 this final set of
volumes of The Papers of Dwight David Eisenhower contains 1 783 documents drawn from Eisenhower s second term as
president from 20 January 1957 to 20 January 1961 In these years Eisenhower worked hard to hold the focus of American
national politics on the two major objectives he had set for his presidency in 1952 to sustain the policy of containment
without precipitating a war with the Soviet Union and to reduce the role of the federal government in U S domestic affairs In
both cases events at home and abroad intruded diverting attention to immediate problems endangering the peace and
forcing the White House to devote most of its leadership to the crises of the day As president during this tense period
Eisenhower maintained an extensive and revealing correspondence with prominent individuals as well as with personal
friends These letters together with the occasional entries made in his diary shed considerable light upon the major national
concerns of the 1950s The volumes also include private and secret correspondence previously unavailable to scholars Some
of these items have been only recently declassified and many appear here in print for the first time Taken as a whole the
Eisenhower papers from 1957 61 provide firm documentary evidence of the manner in which Eisenhower dealt with the
complex internal and external problems faced by all of our modern political leaders **State of Knowledge in Land**
