Army Air Forces Manual United States. Army Air Forces, Consolidated B-32 Dominator William Wolf,2006 Over the
years the B 32 has been described only in a small number of magazine articles and in a booklet that have generally given a
superficial and incomplete account maligning the bomber fairly or not as a mediocre design besieged with developmental
problems and a lackluster combat record Consolidated B 32 Dominator The Ultimate Look from Drawing Board to Scrapyard
is the definitive description and appraisal of this neglected bomber s development testing manufacture and combat
experience The author used company design and production information flight and test evaluations along with previously
unexplored Flight Manuals and Consolidated Vultee Erection and Maintenance Manuals From rare microfilm of original
material and insights and personal narratives of the personnel involved Wolf has gathered information on the pre combat
testing and all the combat missions of the bomber in the Pacific The National Union Catalog. Pre-1956 Imprints ,1979

also the heaviest production plane of the war with terrific range and bomb carrying capabilities Carrying a crew of ten the
Superfortress devastated Japan in a series of raids in 1944 45 Finally in August of 1945 the B 29s Enola Gay and Bock s Car
dropped the atomic bombs and forced Japan to surrender Originally printed by the U S Army Air Force this B 29 Airplane
Commander Pilot s Training Manual taught pilots everything they needed to know about the Superfortress Classified
Restricted the text was declassified long ago and is here reprinted in book form THIs MANUAL is the text for your training as
a B 29 pilot and air plane commander The Air Forces most experienced training and supervisory personnel have collaborated
to make it a complete exposition of what your pilot duties are how each duty will be performed and why it must be performed
in the manner prescribed The techniques and procedures described in this book are standard and mandatory In this respect
the manual serves the dual purpose of a training checklist and a working handbook Use it to make sure that you learn
everything described herein Use it to study and review the essential facts concerning everything taught Such additional self

study and review will not only advance your training but will alleviate the burden of your already overburdened instructors. This training manual does not replace the Technical Orders for the airplane which will always be your primary source of information concerning the B 29 so long as you fly it. This is essentially the textbook of the B 29. Used properly it will enable you to utilize the pertinent Technical Orders to even greater advantage.
