Educating the Global Workforce for Public Health Sanjay P. Zodpey, Roger A. Harrison, Michal Grivna, John R.

Finnegan, Connie J. Evashwick, 2018-03-16 Good quality management of the health system demands a critical mass of health professionals with sound technical knowledge The education that produces a workforce of appropriate size and skills is often a challenge in the delivery of quality health services Incidentally health professionals education has not kept pace with the new emerging challenges Recent globalization of health has further led to international migration of health professionals thereby leading to cross border recognition of health workers with an appropriate skill mix knowledge and competence The Lancet Commission Report of 2010 highlighted the need to develop a common strategy at a global level for postgraduate medical nursing and public health education that reaches beyond the confines of national borders and the silos of individual professions This vision would require a series of instructional and institutional reforms which should be guided by two proposed outcomes transformative learning and interdependence in education The purpose of this Research Topic is to increase the shared understanding of the current status of the education of the health workforce around the globe

particularly those working in the public health sector With this foundation further research and evaluation studies can then be done with a perspective that addresses global workforce issues impacting access prevention and care *Hamric &*

Health Services

Management: A Case Study Approach, Eleventh Edition Ann Scheck McAlearney, Anthony R. Kovner, 2017-09-01

Instructor Resources Instructor s Manual Today s healthcare managers face increasingly complex challenges and often must make decisions quickly When a difficult situation arises managers can no longer simply look it up online or in the management literature Properly looking it up involves knowing where and how to look appropriately framing a research question weighing valid evidence and understanding what is required to make proposed solutions work Health Services Management A Case Study Approach offers a diverse collection of case studies to help readers learn and apply key concepts

of management with an emphasis on the use of evidence in management practice The case study authors many of whom are practitioners or academics who work closely with practitioners present realistic management challenges across a variety of settings They examine potential responses to those challenges by health services managers and other stakeholders and they provide a platform for meaningful discussion of opportunities and constraints for management decision makers attempting to implement change This edition includes 60 case studies 32 of which are brand new arranged thematically into six sections The Role of the Manager Control Organizational Design Professional Integration Adaptation and Accountability The new cases include the following Better Metrics for Financial Management What Makes a Patient Centered Medical Home Doing the Right Thing When the Financials Do Not Support Palliative Care Hearing the Patient Voice Working with Patient and Family Advisers to Improve the Patient Experience Managed Care Cautionary Tale A Case Study in Risk Adjustment and Patient Dumping Learning by example is one of the oldest forms of learning and the case study approach offers a time tested way for students and healthcare professionals to develop practical skills that are not easily acquired through lectures Health Services Management has been used in classrooms since 1978 and this eleventh edition offers a fresh take on a classic text
