Improving Learning Outcomes in Schools N. V. Varghese, Vrinda Sarup, Anuradha De, Amarjeet Sinha, 2025-10-20

What does quality education truly mean and how can we ensure it is accessible to all children regardless of their background? This book delves into these pressing questions offering a comprehensive exploration of the challenges and opportunities within India's education system. Why do millions of children in India attend school yet still struggle to acquire basic literacy and numeracy skills? This book examines the varied reasons behind poor learning outcomes illustrating why high enrolment rates have not translated into meaningful educational progress. It underscores the urgent need to shift the focus from merely getting children into schools to ensuring they learn and thrive. Through real world case studies, insightful policy analysis and a focus on innovative state and national initiatives the book unpacks what works in education and what does not. From the role of teachers and school leadership to the importance of inclusive policies and community engagement it offers a holistic view of the factors influencing student achievement. As a part of the Innovations Practice and the Future of Public Policy in India series this open access volume will interest policy professionals, academics and researchers in education, pedagogy, curriculum design, education economics and development studies.
