All About Me Essay Introduction:

Please Allow Me to Introduce Myself: Essays on Debut Albums George Plasketes, 2016-04-22 Debut albums are among the cultural artefacts that capture the popular imagination especially well As a first impression the debut album may take on a mythical status whether the artist or group achieves enduring success or in rare cases when an initial record turns out to be an apogee for an artist Whatever the subsequent career trajectory the debut album is a meaningful text that can be scrutinized for its revelatory signs and the expectations that follow Please Allow Me to Introduce Myself Essays on Debut Albums tells the stories of 23 debut albums over a nearly fifty year span ranging from Buddy Holly and the Crickets in 1957 to The Go Team in 2004 In addition to biographical background and a wealth of historical information about the genesis of the album each essay looks back at the album and places it within multiple contexts particularly the artist's career development In this way the book will be of as much interest to sociologists and historians as to culture critics and musicologists

The Humble Essay Roy K. Humble, 2023-04-01 The Humble Essay is so much more than a writing textbook It gives you tools tips and tricks that actually explain what a writer does It doesn't sugarcoat the process or dumb down the very real challenges that entering a college writing space requires This book is more like a friend It's the kind of friend that will coach you through a tough time and encourage you and it will make you laugh while you go through it It's the kind of friend who holds your hair back when you're sick of writing and gives you the courage to try again Roy K Humble is the kind of writing teacher who understands the struggle of learning how to write like a college student and doesn't just tell you what you want to hear His lessons here

are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be He writes to students in language they can understand without becoming English majors and with just enough humor to keep them reading He writes for faculty moving step by step through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes Perhaps most importantly Humble understands that the price of a book matters to students so his books are affordable From every perspective Humble gets it The Humble Essay has students covered on these important topics Understanding the college essay as an idea Grasping the stages of the writing process Organizing the college essay around cohesive paragraphs Thinking for yourself as a college student Gathering and synthesizing sources and information Guiding readers through a thoughtful college essay

Essays on Music Hans Keller,2005-06-30 Hans Keller 1919 1985 who lived and worked in London was one of the most brilliant and stimulating writers on music of his day and the new theory of music which has emerged from his psychologically based music criticism has exerted considerable influence on a whole generation of composers and performers This first large selection of his writing will appeal to professional and amateur musicians and all those listeners who remember the distinctive style of his broadcasts for the BBC Encountering the Secular J. Heath Atchley,2009-02-11 In Encountering the Secular J Heath Atchley proposes an alternative to the understanding of the secular as that which opposes the religious and he turns to American and Continental philosophy to support his critique Drawing from thinkers as disparate as Ralph Waldo Emerson and Gilles Deleuze and engaging with contemporary literature and film Atchley shows how the division of

experience individual cultural political into the distinct realms of the religious and the secular overlooks the subtle ways in which value can emerge Far from arguing that the religious and the secular are the same he means instead to suggest that the dogmatic separation between these two realms gets in the way of experiencing an immanent value a kind of value tied neither to a transcendent reality e g a god or an ideal nor to a self centered reality e g pleasure or knowledge Each chapter cultivates a particular concept that challenges the breach between the secular and the religious rendering that breach ambiguous Such ambiguity the author affirms is relevant to a time when rigid and simplistic notions of religion and secularity are used to justify thoughtlessness and even violence All too often the secular is thought of either as a triumph in overcoming the presumed irrationality and oppression of religion or as lament in losing the meaning religion is thought once to have offered Atchley suggests a view of the secular as an opportunity to experience an immanent value that is neither controlled by the human self nor conferred by a divine entity Written in a prose that is lucid lively and provocative Encountering the Secular shows how a philosophical endeavor might be understood as a spiritual practice

of academic writing and subsequent proficiency Second by discussing the components of academic writing in terms such as film which are familiar to today s generation students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective Visual learners in particular will enjoy the analogous link between films and essays and students today are arguably more visually literate than previous generations being exposed to visuals on a daily basis through text message iconography computer games and the Internet The visual instruction provided in turn helps to facilitate mental visuals in students minds from which their knowledge of essay writing can start to develop
