Instruction Manual

Thank you for purchasing your new Alinco transceiver. Please read this manual carefully before using the product to ensure full performance, and keep the manual for future reference as it contains information on other radio controls. In case extension or spare parts are ordered with this product, please keep these materials and keep them together with this instruction manual for future reference.

Introduction

Please be informed that this manual has been edited with dealer-use in mind. The product is delivered to customers after being preprogrammed by dealers. The product is checked and not functional in satisfactory state due to regulations.

Please read this manual completely from the first page to the last, to learn all the functions the product offers. It is important to note that some of the operations may be explained in relation to information in other chapters. By reading just one part of this manual, you may risk not understanding the complete explanation of the function.

Before transmitting

There are many radio stations operating in proximity to the frequency ranges this product covers. Be careful not to cause interference when transmitting around such radio stations.

Lightning

Any person is not safe outdoor during thunderstorms and lightning. This condition is getting worse if somebody keeps a handheld radio, chances of being hit by lightning are doubled since lightning may hit a radio antenna as well. At this time, there is no handheld radio having any kind of protection against lightning current (which is higher than 10 kA). Note also that no car provides adequate protection of its passengers or drivers against lightning as well. Therefore, Alinco will not take responsibility for any danger associated with using its handheld radios outdoor or inside the car during lightning.

IP67 Dust and water proof

About IP67 rating:

- 6: Dust tight / No ingress of dust, complete protection against dirt. Test duration of up to 8 hours based on an air flow using specified procedure.
- 7: No water penetration / Submerge the device for 30 minutes at a depth of 1 meter from the test water's surface.

The IP67 designation provides for limited dust and fresh water proofing of the radio, antenna and battery pack when integrated per specified above. This compatibility is factory guaranteed for a period of one year provided stipulated conditions of use are respected, any accessories connected must be specified genuine Alinco accessories and the device has not been disassembled by the consumer. The device is designed to remain operational when used in rain, snowy weather or in accidental cases of dropping it in wet place when used in extreme conditions and is in no way stating that you should attempt to use the device under water or submerge the radio for cleaning. Warranty will not cover devices that are damaged due to negligence or misuse of the product. Please remove the small label attached on the rear chassis of this product, or cover it with other materials. This label is essential to adjust an air pressure inside to ensure dust/water proofing. A professional professional maintenance is recommended when the ingress protection is very important to you.

Note: This model only waterproof when MIC-SP jack cover is tightly closed to body.

Covering ranges

You may expect a range of approx. 2km (2 miles) or more at high power when located on a flat, open free place like on a beach. However, it may vary drastically depending on how to wear and carry the radios, surrounding locations/conditions and static noise levels (noise or near power transmission lines), etc. In urban areas with many buildings or inside a building, such covering range may become drastically short even to several tens of meters.

IMPORTANT NOTICE

Dealer Programming

The utility software may be available to distributors/dealers only. USB programming cable is required. The manufacturer will not release the software to unauthorized party so please contact your dealer for details. This product may be delivered to the consumer after being preprogrammed with the operating parameters. Then certain operation may be disabled for user-access. This is the Commercial radio mode, and it may not work as described in this booklet. The manufacturer and distributors are not aware of details of such dealer programming. Therefore, please contact to your dealer in case any technical assistance may be necessary.

Self-interference

Due to self-interference, sensitivity at following frequencies are lower than the declared specification.
7.6MHz, 14.6MHz, 41.6MHz, 44.6MHz, 45.6MHz, 46.6MHz

Features

- Output power selectable for DJ-VX10, 5W / 2W / 1W
- Output power selectable for DJ-VX50, 5W(VHF) / 4W(UHF) / 2W / 1W
- 200 programmable channels
- Li-Ion battery pack and stand-charger as standard accessories

Enjoying the Beat of Phrase: An Psychological Symphony within **Alinco Dj 580 Service Manual**

In a global consumed by monitors and the ceaseless chatter of quick interaction, the melodic splendor and emotional symphony produced by the prepared term usually disappear into the background, eclipsed by the relentless sound and disturbances that permeate our lives. Nevertheless, set within the pages of **Alinco Dj 580 Service Manual** a marvelous fictional value filled with natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, this fascinating masterpiece conducts readers on a psychological trip, well unraveling the hidden songs and profound affect resonating within each carefully crafted phrase. Within the depths with this emotional review, we can discover the book is main harmonies, analyze its enthralling publishing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
