events leading up to the Declaration of Independence but not Grandpa Terrence Hagen wants his grandchildren and everyone else to know exactly what happened from the founding of Jamestown in 1607 to the time the Founding Fathers broke free from England. The reality is the real America was developed in that period between the founding of the first settlements to the Declaration of Independence. In this history book you'll learn why America could be called an accident. Self-government was not discovered by America; colonial America was the result of concurrent conflict among many entities and subsequent immigration of non-English settlers changed the nature of the American colonist and produced ethnic, religious, and cultural conflicts. Laced with chapter summaries, quizzes, and stories of sacrifice, *Grandpa's US Colonial History to 1800* tells the forgotten history of how the American Revolution was fought not to attain independence but to retain the level of independence early settlers enjoyed.

Grandpa's Stories Janet McNulty, 2014-06-10 My grandfather grew up in Arizona in the 1920s and 1930s. One week after the attack on Pearl Harbor, he joined the Navy. During the summer of 2012, my mother visited him and recorded his stories about growing up, World War II, and his time as an employee at the Pacific Bell Telephone Company. This is the history of the 20th century as he lived it. These are his words.
