TRENCH WARFARE: How to Win the War to Educate Our Children Denny Geraghty, 2017-05-06 Teachers Ever Feel Like You re Losing the War to Educate Your Students In our current educational climate of Common Core test scores and teacher evaluations have you ever wondered what about the students Even though graduation rates have increased in recent years are the young men and women in our classrooms truly engaged in the learning process Trench Warfare How to Win the War to Educate Our Children is an exploration of the why no one wants to talk about for our continued failures in education It

doesn't have to do with class or race. It actually has to do with simple economic theory of supply and demand. Why are students not demanding a better education? In this remarkable and important book, Denny Geraghty not only identifies the real problem in education but also offers a solution by developing a thesis supported by irrefutable economic laws. Current teachers and aspiring teachers would be well advised to read this ground-breaking book. Linda Gordon, PHD, Principal, Denver Public School and Adams 12 Five Star School Districts Education Professor, Regis University, Denver, Colorado. How do you get the students themselves interested in what they're learning? An engaged, interested student is going to learn, is going to do better on tests, is going to graduate and do his or her alma mater proud. But how do you really do that? Discover ways to keep your students interested. Read *Trench Warfare* and apply the simple wisdom imparted by a teacher who still cares.

Research Methods in Language Teaching and Learning Kenan Dikilitas, Kate Mastruserio Reynolds, 2022-03-15. A practical guide to the methodologies used in language teaching and learning research, providing expert advice and real-life examples from leading TESOL researchers. *Research Methods in Language Teaching and Learning* provides practical guidance on the primary research methods used in second language teaching, learning, and education. Designed to support researchers and students in language education and learning, this highly accessible book covers a wide range of research methodologies in the context of actual practice to help readers fully understand the process of conducting research. Organized into three parts, the book covers qualitative studies, quantitative studies, and systematic reviews. Contributions by an international team of distinguished researchers and practitioners explain and demonstrate narrative inquiry, discourse analysis, ethnography, heuristic inquiry, mixed methods, experimental and quasi-experimental studies, and more. Each chapter presents an overview of a method of research, an in-depth description of the research framework or data analysis process, and a meta-analysis of choices made and challenges encountered. Offering invaluable insights and hands-on research knowledge to students and early-career practitioners alike, this book focuses on the research methods, techniques, tools, and practical aspects of performing research. Provides firsthand narratives and case studies to explain the decisions researchers make. Compares the relative strengths and weaknesses of different research methods. Includes real-world examples for each research method and framework to highlight the context of the study. Includes extensive references, further reading suggestions, and end-of-chapter review questions. Part of the *Guides to Research Methods in Language and Linguistics* series. **Research Methods in Language Teaching and Learning** is essential reading for students, educators, and researchers in all related fields, including TESOL, second language acquisition, English language teaching, and applied linguistics. **Teacher's Guide** Karen Gentry-Ederer, 2012-09-30. Create a common language for the school, teachers, and parents with the help of this *Teacher's Guide*. With ideas and supporting materials for easy and effective family night activities centered around specific content areas, teachers can easily encourage parent involvement. These activities help acquaint parents and students with the eighth-grade classroom, creating a more cohesive learning environment for students. **Teaching International Students**

Jude Carroll, Janette Ryan, 2007-05-07 *Teaching International Students* explores the challenges presented to lecturer and student alike by increased cultural diversity within universities Packed with practical advice from experienced practitioners and underpinned by reference to pedagogic theory throughout topics covered include the issues arising from international students studying alongside home students the nature of learning and teacher student relationships curriculum and development of teaching skills multicultural group work postgraduate supervision the experience of the international student *Teaching International Students* is essential reading It demonstrates how improved training for teachers and a better understanding of the international student can enhance the experience of both and ultimately provide more positive learning environments for international students in the higher education system

Designing Performance Assessment Systems for Urban Teacher Preparation Francine P. Peterman, 2005-05-06 *Designing Performance Assessment Systems for Urban Teacher Preparation* presents an argument for and invites critical examination of teacher preparation and assessment practices in light of both the complexity and demands of urban settings and the theories of learning and learning to teach that guide teacher education practices This dynamic approach distinguishes the authors stance on urban teacher assessment as one that can help address social justice issues related to gender race socioeconomic class and other differences and at the same time promote the professional development of all educators engaged in the process of learning to teach The contextually bound sociocultural stance that informs this book promises greater teacher and student achievement Culminating six years of vital dialogue and focused local activity among teachers and teacher educators from institutions in the Urban Network to Improve Teacher Education *Designing Performance Assessment Systems for Urban Teacher Preparation* presents the historical context that was examined for this work a theoretical framework to undergrad teacher preparation assessment and design principles to guide the development of assessment systems four case studies of participants struggles and successes in designing and implementing these systems and a discussion of the importance of context and current trends in assessment practices in urban teaching This volume is particularly relevant for university and school based teacher educators who help prepare teachers to work in urban schools and for personnel in state departments of education and other agencies who are responsible for certification and beginning teacher support While the focus is on preparing teachers for urban settings the theoretical and practical foundations and the case studies have broad implications and provide useful insights for anyone involved in developing and using performance assessment systems teacher educators university and school administrators classroom teachers and educational researchers
