Our Dumb Animals George Thorndike Angell,1872 **Yahweh** Donna Barton,2010-12-30 How long can you hold your breath Take a big breath in and count one two threeAt forty we are getting dizzy At sixty our lungs and head are hurting Suddenly we exhale and gulp new breaths of air This little exercise reminds us that breathing is so natural and involuntary that we rarely give it a second thought But if we stop breathing or if we hold our breath then we know how vital it is to life and how absolutely dependent we are upon it Donna Barton has reminded us in her wonderful little book YAHWEH just how dependent we are on God and how praising God is as natural as breathing All it takes is a little focus with the name YAHWEH Children will love in these pages the delightful pictures of all Gods creatures great and small and the mirrored images of themselves But more importantly with a little help from their parents they can learn to breathe this book like a prayer to the One who made us all Dr Stan Cosby Senior pastor Saint Stephen Methodist Church Amarillo Texas **Miss Universe Alice**
