Yearbook of Constitutional Law 2019 Ernst Hirsch Ballin, Gerhard van der Schyff, Maarten Stremmer, 2019-12-02 The European Yearbook of Constitutional Law EYCL is an annual publication initiated by the Department of Public Law and Governance at Tilburg University and devoted to the study of constitutional law It aims to provide a forum for in depth analysis and discussion of new developments in the field both in Europe and beyond This inaugural volume examines the safeguards and limits of judicial power in a variety of constitutional systems both at the national and supranational level The book approaches the judiciary as part of the constitutional system operating within a legal order that connects the citizens and institutions of the state to each other Looking at the judiciary from this broader perspective the traditional doctrine of the separation of powers would appear no longer to adequately represent the diversity and complexity of constitutional systems and their democratic legitimacy Judicial independence does not mean isolation but should better be understood as institutionalizing relationships that legitimize the power of the courts The notions of safeguards and limits indicate the reciprocally enabling and protecting nature of these relationships In recognition of this the contributions to this volume analyse these safeguards and limits as relations existing within a complex constitutional architecture State institutions today are involved in a fundamental transformation of their selfunderstanding as a result of changes in political culture Several contributions to this volume provide examples of political criticism and pressure on the judiciary against which the usual guarantees are unable to provide adequate protection A convincing and effective response to threats to the judiciary's independence requires a detailed and precise analysis of the judiciary's constitutional safeguards and limits This book offers a step in that direction Target XAT 2019 (Past Papers 2005 - 2018 + 5 Mock Tests) 10th Edition Disha
