Weaving in the heartbreaking stories of the parents wives and sweethearts who wrote to and worried about these men Borneman draws from a treasure trove of unpublished source material to bring to vivid life the minor decisions that became a matter of life or death when the bombs began to fall More than just an account of familial bonds and national heartbreak what emerges promises to define a turning point in American military history **The Bluejacket's Manual** Thomas J. Cutler, Mark T. Hacala, Paul A. Kingsbury, 2023-04-12 The 26th edition of The Bluejacket's Manual continues the tradition of previous editions of this iconic work by serving as both an introduction to neophyte U S Navy Sailors and as a career long reference work for all who wear the Blue and Gold Readers of previous editions will note two significant changes in this latest rendition The first recognizes the U S Navy's current emphasis on warfighting While routine and administrative guidance such things as uniforms honors and ceremonies pay and benefits standards of conduct etc remain this latest edition places greater emphasis on those aspects that Sailors are likely to encounter and must prepare for in the event of combat The first chapter is titled and focused on warfighting reflecting the emphasis on Warrior Toughness in the training curriculum at Recruit Training Command AKA boot camp at Great Lakes Illinois Readers will find that this training emphasizes the psychological as well as practical aspects of preparation providing a kind of philosophy that is tailored to Bluejackets who may well find themselves facing the challenges inherent to combat operations Other chapters in the book such as Weapons and Damage Control complement this emphasis The second major change to the book is its organization of information The result is a more user friendly book As always the major purpose of revision is to bring the included information relevant and up to date Readers will find coverage of those aspects of the Bluejacket's world that are evolving Such things as cyberwar and drones are now included with the emphasis on warfighting The Bluejacket's Manual 26th Edition is a comprehensive yet manageable reference that will continue to serve the needs of the Navy and those who serve
