Revaluation and Preservation of Indigenous Knowledge Systems in Modern Society Masenya, Thlou Maggie, Bhuda, Monica Thulisile, 2025-05-08. Indigenous Knowledge can be used to integrate education in today's society honoring and respecting the diversity of knowledge sources and fostering an inclusive and fair learning environment. This increases cultural pride and consequently the drive to find creative solutions to local problems using resources and inventiveness that are available locally. Indigenous people have important knowledge about the ecosystem in the area and how best to manage its natural resources. A growing number of people outside of indigenous knowledge systems are interested in them as a result of the current global ecological catastrophe and the understanding that overuse of natural resources arises from unsuitable attitudes and technology.
