Phenomena Stan Gooch,2007-02-07 Examines unexplained phenomena in psychiatric and psychological terms rather than occult terms Explores how the unconscious mind manifests paranormal phenomena Shows how the cerebellum the seat of the unconscious is the source of these energies subpersonalities and manifestations Identifies our neglected Neanderthal subconscious as responsible for the rising incidence of paranormal happenings Alien abduction poltergeist attacks incubi succubi split and multiple personalities possessions precognition spontaneous combustion the list of phenomena not just unexplained but ignored by mainstream science seems endless Yet the key to the origin of all these manifestations lies deep within our own brains In *The Origins of Psychic Phenomena* Stan Gooch explores the functioning of the dream producing part of the brain the cerebellum and how the unconscious mind is able to externalize itself The cerebellum is the physical seat of the unconscious and was once equal to or even superior to the cerebrum as essential to our functioning In modern times it has been shunted into the subliminal yet the cerebellum continues to process our worldly experiences and reveals its concerns in misunderstood often frightening manifestations Gooch explains that Neanderthal Man possessed a much larger cerebellum than Cro Magnon Man and posits that the modern repression of the cerebellum s role in our consciousness has given rise to these supernatural phenomena In Alien Heat Steve Dewey,John Ries,2005-12 There has probably never been anything like it in UFO history but the UFO fever that gripped the small British town of Warminster for about a decade is now largely forgotten It was one of the largest UFO flaps ever to occur Thousands of witnesses reported seeing the Warminster Thing The hilltops around the town attracted a loyal band of followers all waiting for the magic sighting the landing the contact The authors were themselves among the skywatchers and spent nights on Cradle Hill the center of the phenomenon watching and waiting for UFOs but also watching and listening to the witnesses and ufologists IN *ALIEN HEAT* introduces the Warminster phenomenon to a new generation of readers It contains a short history of the phenomenon places it in its social and historical context and examines the possible mechanisms that initiated and sustained this remarkable UFO flap

The Gods Have Landed James R. Lewis,1995-01-01 This is a comprehensive account of the religious dimensions of the UFO flying saucer experience Meeting the Alien Andreas Anton,Michael Schetsche,2023-06-22 Is mankind alone in the universe Will we ever encounter intelligent life beyond Earth These questions have been asked for centuries Recent advances in the fields of astrophysics astronomy and astrobiology make it more likely than ever before that Earth may not be the only inhabited planet and that humanity may not be the only intelligent species in the universe What would be the consequences of contact with an extraterrestrial intelligence This question is at the heart of the emerging discipline of exosociology According

to the authors first contact with an extraterrestrial intelligence poses enormous risks for humanity These risks come not only from extraterrestrials but above all from ourselves We should be prepared Michael Schetsche and Andreas Anton s comprehensive introduction to exosociology was first published in German in 2019 The book has been widely acclaimed in Germany and internationally It is now available in English for the first time **UFO Cover-up** Bill Fawcett, Lawrence Fawcett, Barry J. Greenwood, 1990-07 Using recently declassified government files the authors present a compelling argument that the government knows a great deal more about UFOs than it has shared with the public and has in fact deliberately concealed the findings of more than 30 years of investigations Photographs **The Ufo Phenomenon and the Birth of the Jewish, Christian, and Muslim Religions** Robert Iturralde, 2022-04-07 This book traces and explains the unsolved mysteries from unexplained archaeological findings to modern day supernatural religious phenomenon The connection between the three major religious beliefs and the ufo phenomenon Is deeply explored The most famous supernatural mysteries like the Bermuda Triangle Big Foot the Jersey Devil and the men in black are explained as creations of the Ufo Phenomenon The purpose of these supernatural is to make us wonder fright hope and deceive Scientists are still looking for extraterrestrials In all the wrong places Alien life has been with us for thousands of years in forms of the supernatural religious phenomena myths and legends and now in modern times as the ufo phenomenon I show why the ufo phenomenon is the creator of the supernatural and religion **UFOs and Government** Michael D. Swords, 2012 Governments around the world have had to deal with the UFO phenomenon for a good part of a century How and why they did so is the subject of *UFOs and Government* a history that for the first time tells the story from the perspective of the governments themselves It s a perspective that reveals a great deal about what we citizens have seen and puzzled over from the outside for so many years The story which is unmasked by the governments own documents explains much that is new or at least not commonly known about the seriousness with which the military and intelligence communities approached the UFO problem internally Those approaches were not taken lightly In fact they were considered matters of national security At the same time the story reveals how a subject with such apparent depth of experience and interest became treated as if it were a triviality And it explains why one government the United States government deemed it wise and perhaps even necessary to treat it so Though the book focuses primarily on the U S government s response to the UFO phenomenon also included is the treatment of the subject by the governments of Sweden Australia France Spain and other countries This large format fully illustrated book is the result of a team effort that called itself The UFO History Group a collection of veteran UFO historians and researchers who spent more than four years researching consulting writing and editing to present a work of historical scholarship on government response to the UFO phenomenon Michael Swords was the primary author of the United States chapters The work was coordinated and edited by Robert Powell Clas Svahn Vicente Juan Ballester Olmos Bill Chalker and Robert Powell contributed country chapters Jan Aldrich was the primary content consultant with additional

content consultation and writing coming from Barry Greenwood and Richard Thieme Steve Purcell was the primary photo illustration editor From the foreword by Jerome Clark While UFOs and Government revisits an often unhappy history the reading of it is far from an unhappy experience The authors eloquent intelligent sophisticated and conscientious provide us with the first credible comprehensive overview of official UFO history in many years Most of the current volume deals with U S military and intelligence responses to the UFO phenomenon but it also features richly informative chapters that expand the story across the international arena If you re looking for an example of a nation that dealt productively with the UFO reports that came its official way you will take heart in the chapter on the French projects From here on every responsible treatment of UFOs and government will have to cite UFOs and Government prominently among its sources this is the real story as accurately as it can be reconstructed in the second decade of the new century I expect to keep my copy close at hand and to return to it often While it cannot be said of many books UFO themed or otherwise this is among the essential ones Stray from it at your peril Symposium on Unidentified Flying Objects, Hearings...90-2, July 29, 1968 United States.
