Galaxy Warrior Terry Spear, 2017-01-24 **Vampiric Calling** Terry Spear, 2011-03-05 A vampire targets a huntress for his own and she's torn between wanting him and knowing she should terminate him. But in the dark of night who will win the battle? Samantha Ramsay's always been different, a huntress born with the gene that makes her kind take up the sword to terminate rogue vampires, yet something isn't right. They've never targeted her before tonight and now she realizes she can't kill the sexiest vampire she's ever encountered who claims her for his own. Ralston Vaccarra has waited all the huntress's life to have her and no one, vampires or hunters alike, will have the woman he claimed for his own. The day she was born, only will a huntress be able to accept him and his kind for what they are.

Everything and Less Mark McGurl, 2021-10-19 National Book Critics Circle Award Finalist, Best Book of Fall, Esquire and a Most Anticipated Book of 2021. Lit Hub What Has Happened to Fiction in the Age of Platform Capitalism. Since it was first launched in 1994, Amazon has changed the world of literature. The Everything Store has not just transformed how we buy books; it has affected what we buy and even what we read. In *Everything and Less*, acclaimed critic Mark McGurl explores this new world where writing is no longer categorized as high or lowbrow literature or popular fiction. Charting a course spanning from Henry James to E. L. James, McGurl shows that contemporary writing has less to do with writing per se than with the manner of its distribution. This consumerist logic, if you like this, you might also like, has reorganized the fiction universe so that literary prize winners sit alongside fantasy romance, fan fiction, and the infinite list of hybrid genres and self-published works. This is an innovation to be cautiously celebrated. Amazon's platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm rivaling in the depths of its effects any major cultural shift in history. Here, all fiction is genre fiction, and the niches range from the categories of crime and science fiction to the more refined interests of Adult Baby Diaper Lover erotica. *Everything and Less* is a hilarious and insightful map of both the commanding heights and sordid depths of fiction past and present that opens up an arresting conversation about why it is we read and write fiction in the first place.
