Overview

This product provides a C wire (common wire) to power a thermostat. Only install if you do not have a C wire available to connect to your thermostat.

ZONING CONTROL PANEL CHECK

For zoned systems, install the C Wire Adapter between the thermostat and the zoning panel, NOT between the zoning panel and HVAC equipment.

BEFORE

AFTER

Turn the power off at the breaker box or control switch for your HVAC* system.

*Heating, ventilation, and air conditioning

Remove your old thermostat from the wall plate.

Do not remove any wires at this time!

Take a picture of the wiring.

Ensure the terminal labels and wires are in the image.

You may need to reference the picture later.

Confirm that you do not have a wire in the C terminal. If you have a wire in the C terminal, then you do not need this product.

Look for an unused wire. If you have an unused wire, then you do not need this product. Connect one end of that wire to C terminal at the HVAC and the other to C terminal at new thermostat.

* The C wire (common) might be labeled as R rather than C on certain thermostats.

Open HVAC system's cover to reveal the control board.

Take a picture of the wires on the control board.

Ensure the terminal labels and wires are in the image.

You may need to reference the picture later.

* R or B terminal may need to be used.

Use the provided stickers to label the following connected wires:

- C or R
- W or W1
- Y or Y1

* Not all systems will have a W or W1 wire. On a heat pump application, the wire coming from O/B on the old thermostat should match to either O or B at equipment rather than W.

** If multiple wires are connected to a terminal, only label the wire running to your thermostat.

Disconnect ONLY the wires that you just labelled:

- C or R
- W or W1
- Y or Y1

* Do NOT disconnect wires that you did not label.

** If multiple wires are connected to a terminal, only remove the wire running to your thermostat.

*** On a heat pump application, the wire coming from O/B on the old thermostat would match to either O or B at equipment rather than W.
