Assessment of Library Collections in a Consortial Environment George Lupone, 2013-09-13 The consortial environment provides librarians with new ways to manage collections at their home institutions Academic libraries in Ohio have been participating in OhioLINK since 1988 and the consortium has had an effect on shaping local collections for more than one decade While each institution pursues its own collection management strategy the shared resources and delivery system provided through OhioLINK influence local collections profoundly What has been the effect This work is a collection of articles assessing local collections within a consortial environment The authors assess collections from their own vantage points considering such diverse factors as cost regional depositories book reviews and faculty input The influence of consortial ties in shaping local collections is a common thread throughout the work This book was published as a special issue of *Collection Management*

Collection Management John Kennedy, 2006-06-01 The rapidly increasing reliance on digital rather than print based resources has not diminished the importance of library collection management but it has required significant modification in the thinking and the practice of collection managers who today usually have to consider their clients need for both print based and digital materials This updated edition aims to provide a concise overview of the major elements of contemporary collection management of print and digital resources including policy formulation selection acquisition evaluation preservation deselection and cooperative collecting in a way which aims to be of interest to the student and to any other reader seeking an understanding of a particularly dynamic area of librarianship Much that has been previously published on collection management focuses on academic libraries particularly those in North America This book places greater emphasis

on the experiences of smaller public and special libraries and attempts to view its subject from the perspective of libraries in Australia and other countries geographically remote from North America and Western Europe Dr John Kennedy has taught collection management at Charles Sturt University for over a decade and has produced several previous publications on the subject

Competencies for Science Librarians David Stern, 2013-10-18 This book explores the expectations and resources available to develop a set of important core skills needed for this profession Leading authorities in the field of librarianship offer their extensive experience and insight to help beginners to understand precisely what actual measurable skills are required to become a successful career science librarian Librarians currently working in the area will gain the data they need to be able to effectively collaborate with more experienced people Topics include reviews of key concepts basic skills terminology ACRL instruction competencies teams and assessment of services It also provides the latest knowledge on trends standards terminology professional associations and a brief literature review and recommended readings for familiarizing librarians with their job responsibilities Besides job competencies the book reviews collection development reference issues in depth research assistance cataloging and metadata faculty liaison and outreach career development concerns continuing education tracks and issues in collaboration assistance This source also provides extensive references and tables and figures to clearly present information This book is a valuable resource for beginners who wonder what they need to know as they start their careers or are considering this as an area of concentration and as a refresher and professional development track for current librarians working with more experienced people in the area This book was published as a special issue of Science Technology Libraries

Collection Development Policies and Management Techniques of E-Resources of Central University Libraries Dr Vijaykumar Bhimrao, Centers for Learning James K. Elmborg, Sheril Hook, 2005 This collection examines the potential inherent in partnerships between libraries and writing centers and suggests that such partnerships might respond more effectively to student needs than separate efforts The essays consist primarily of case studies of collaborations in institutions throughout the US The concluding chapter reflects on the impl

Fundamentals of Collection Development and Management, Fourth Edition Peggy Johnson, 2018-07-23 Technical Services Quarterly declared that the third edition must now be considered the essential textbook for collection development and management the first place to go for reliable and informative advice For the fourth edition expert instructor and librarian Johnson has revised and freshened this resource to ensure its timeliness and continued excellence Each chapter offers complete coverage of one aspect of collection development and management including numerous suggestions for further reading and narrative case studies exploring the issues Thorough consideration is given to traditional management topics such as organization of the collection weeding staffing and policymaking cooperative collection development and management licenses negotiation contracts maintaining productive relationships with vendors and publishers and other important purchasing and budgeting topics important issues such as the ways that changes in information delivery and
