Ted Lambert Theodore Roosevelt Lambert, 2012-04-15 Ted Lambert is regarded as one of the premier Alaska artists a true pioneer Born in 1905 and raised in the Chicago area Lambert moved to Alaska in 1925 and went to work as a miner near McCarthy He held several jobs predominantly working at a copper mine and mushing dogs first for adventure and then as a mail carrier Lambert left Alaska in 1931 to study art for a year at the American Academy of Art in Chicago then moved to Seattle where he began a mentorship under Eustace Ziegler with whom he traveled throughout Alaska and painted Eventually Lambert settled down in Fairbanks where he stayed for twenty years and solidified his reputation as a painter and an artist But in 1960 he disappeared from the remote cabin he was living in at Bristol Bay No trace of his body was ever found but among the effects rescued from his last home was a memoir of his early days in Alaska Presented here and never before published these memoirs reveal Lambert to be a keen and intelligent observer and relay the adventure story of a young man who would become one of Alaska's most important artists

the Dakotas and Deadwood Of course it was all made possible by the collective memory of the original California gold rush when gold was discovered in the Yukon and Alaska almost 50 years after the rush in California it drew tens of thousands of prospectors despite the unforgiving climate Mineral resources had gone a long way in the United States acquiring Alaska a generation earlier but the lack of transportation kept all but the most dedicated from venturing into the Yukon and Alaska until the announcement of the gold rush For a few years the attention turned to the Northwest and thanks to vivid descriptions by writers like Jack London the nation became intrigued with the idea of miners toughing out the winter conditions to find hidden gold Of course despite the mythology and the romantic portrayals that helped make the Klondike Gold Rush most of the individuals who came to make a fortune struck out instead The gold rush was a boon to business interests which ensured important infrastructure developments like the railroad and the construction of westward paths but ultimately it also meant that big business reaped most of the profits associated with mining the gold While the miners are often remembered for panning gold out of mountain streams it required advanced mining technology for most to make a fortune Nevertheless the Klondike Gold Rush and other gold rushes were emblematic of the American Dream and the notion that Americans could obtain untold fortunes regardless of their previous social status As historian H W Brands put it The old American Dream was the dream of the Puritans of Benjamin Franklin s Poor Richard of men and women content to accumulate their modest fortunes a little at a time year by year by year The new dream was the dream of instant wealth won in a twinkling by audacity and good luck While the gold rush may not have made every miner rich the events still continue to influence the country s collective mentality

[An Alaskan Gold Mine](#) Leland Carlson,2015-08-01 An Alaskan Gold Mine The Story of No 9 Above is a notable and tragic story of the discovery of Alaska gold in 1898 The mine had so many implications for leaders and institutions of the Evangelical Covenant Church a tangled and contested case of ownership extending over two decades that went to the Supreme Court of the United States on four occasions Visiting Alaska three times doing meticulous research into legal proceedings and conducting oral interviews Carlson succeeded in crafting a compelling narrative of gold grief and greed An Alaskan Gold Mine The Story of No 9 Above remains a classic case study of the Alaska gold rush as a whole as well as the particular context of issues and personalities unique to the bonanza claim staked by a Covenant missionary on Anvil Creek above the boomtown Nome
