Barnett,2012-09-14 Essential evidence based strategies for the prevention and reduction of alcohol abuse among college students With contributions from notable substance abuse researchers this practical guide presents clear strategies for prevention of and interventions for alcohol abuse in the college age population Ranging from community based prevention programs to individual motivational and interview based approaches College Student Alcohol Abuse explores The leading theories used to conceptualize college student drinking and related problems with an emphasis on the clinical implications of each perspective Epidemiology of student drug use including illicit drugs and nonmedical use of prescription drugs The spectrum of empirically supported prevention programs with a focus on best practices and materials How to conduct assessments and create intervention programs for students with substance abuse problems A must have resource for every college administrator resident staff member and addiction counselor who works with this unique population College Student Alcohol Abuse translates the latest research findings and interventions into clear and evidence based strategies for assessing and treating college students who are abusing alcohol The Handbook of Student Affairs Administration George S.

McClellan,Jeremy Stringer,2009-02-24 What issues and trends affect higher education and student affairs today In this fully updated handbook leading experts discuss the answer to this and other essential questions They provide a definitive reference for student affairs professionals at all levels of administration and management The handbook offers specific practical advice as well as broad approaches to planning and problem solving It contains modernized discussions on such critical topics as institutional mission institutional governance understanding campus environments finance and budgeting assessment program planning staff selection training and evaluation and much more *Planning for Alcohol Education* ,1960 *The Community Health Nurse and Alcohol-related Problems ...* National Center for Alcohol Education,1978

College Drinking George W. Dowdall,2023-07-03 Drinking is recognized as one of the most important problems confronting students on campus today with major impacts on health and safety This book answers crucial questions about why students drink examines its complex links to campus crime and sexual assault and offers new insights on how to address the issue It differs from other studies of college drinking by dispelling the myth that the problem is universal Dowdall s research reveals that the incidence of alcohol abuse varies enormously between colleges and in doing so identifies

interventions and policies that have been effective and those that have failed His study is also unique in looking upstream at the broader cultural organizational and social forces that shape this behavior where most studies focus only on downstream behaviors well after students have selected their college and have started drinking Students and parents can take action to lower the risk of binge drinking by following the book s recommendations and consulting the data it provides about alcohol violations and crime at thousands of colleges For administrators and student affairs personnel it both defines and illuminates the issue and outlines effective interventions
