Nelson, H.B. Manbeck, N.F.

Meador, 2012-12-06 This book is an outgrowth of a much earlier book Farm Structures by H J Barre and L L Sammet published by John Wiley it might be difficult for instructors and students to cover all of the chapters in a typical three credit hour course The instructor will need to assess his own situation and scheduling constraints More or less time could be spent on chapters one through five depending on the capability the students already have in analysis of statically determinate and indeterminate structures Two to three weeks might then be allocated for study of each of the last six chapters dealing with

design in steel reinforced concrete and wood
