Transition to Online Testing Society for the Advancement of Excellence in Education,2007 **Resources in Education** ,1999 **Assessment in Education** Shelleyann Scott,Donald E. Scott,Charles F. Webber,2015-10-20 This book provides key insights into how educational leaders can successfully navigate the turbulence of political debate surrounding leading student assessment and professionalised practice Given the highly politicised nature of assessment it addresses leaders and aspiring leaders who are open to being

challenged willing to explore controversy and capable of engaging in informed critical discourse The book presents the macro concepts that these audiences must have to guide optimal assessment policy and practice Collectively the chapters highlight important assessment purposes and models including intended and unintended effects of assessment in a globalised context The book provides opportunities to explore cultural similarities and particularities It invites readers to challenge taken for granted assumptions about ourselves and colleagues in other settings The chapters highlight the cultural clashes that may occur when cross cultural borrowing of assessment strategies policies and tools takes place However authors also encourage sophisticated critical analyses of potential lessons that may be drawn from other contexts and systems Readers will encounter challenges from authors to deconstruct their assessment values beliefs and preconceptions Indeed one purpose of the book is to destabilise certainties about assessment that prevail and to embrace the assessment possibilities that can emerge from cognitive dissonance

Alberta John Church, Neale Smith, 2022-03-01 Alberta A Health System Profile provides the first detailed description of Alberta's health care system and the underpinning political and social forces that have shaped it Drawing on significant wealth from government revenues generated through the energy sector Alberta has been able to develop an extensive public health and health care infrastructure Alberta has used its financial resources to attract health professionals by offering the highest levels of financial compensation in Canada However although it spends more per capita than other Canadian jurisdictions Alberta's health care system costs and health outcomes are mediocre compared to those of many other Canadian jurisdictions This unexpected outcome is the consequence of the unique interplay of economic and political forces within Alberta's political economy Through an examination of Alberta's political and economic history and using research on the structures and services provided Alberta A Health System Profile provides a detailed description of the programs and services that constitute Alberta's health care system
