Alexis De Tocqueville Oeuvres:

Tocqueville's Political Economy Richard Swedberg, 2018-02-27 Alexis de Tocqueville 1805-59 has long been recognized as a major political and social thinker as well as historian but his writings also contain a wealth of little known insights into economic life and its connection to the rest of society In Tocqueville's Political Economy Richard Swedberg shows that Tocqueville had a highly original and suggestive approach to economics one that still has much to teach us today Through careful readings of Tocqueville's two major books and many of his other writings Swedberg lays bare Tocqueville's ingenious way of thinking about major economic phenomena At the center of Democracy in America Tocqueville produced a magnificent analysis of the emerging entrepreneurial economy that he found during his 1831-32 visit to the United States More than two decades later in The Old Regime and the Revolution Tocqueville made the complementary argument that it was France's blocked economy and society that led to the Revolution of 1789 In between the publication of these great works Tocqueville also produced many lesser known writings on such topics as property consumption and moral factors in economic life When examined together Swedberg argues these books and other writings constitute an interesting alternative model of economic thinking as well as a major contribution to political economy that deserves a place in contemporary discussions about the social effects of economics

Alexis de Tocqueville and England Seymour Drescher, 1960 Tocqueville's Road Map Roger Boesche, 2007-12-01 One of the country's foremost Tocqueville scholars Roger Boesche has gathered together his writings on Tocqueville from the last quarter century These essays focus on specific aspects of Tocqueville's political thought the methodology that Tocqueville brought to his historical and political writings allowing him to predict so well his assumptions about what constitutes a revolution his conviction that democracy and commerce at times work against each other why Tocqueville's thought defies our modern political classifications his fear of a qualitatively new kind of despotism and Tocqueville's predictions for the future compared to those of Nietzsche Arendt and others Tocqueville's Road Map is a long overdue addition to Tocqueville scholarship that will find an audience amongst scholars of political thought and history

Travels with Tocqueville Beyond America Jeremy Jennings, 2023-03-21 Alexis de Tocqueville famously wrote about democracy in America but he also lauded Catholic society in Quebec feared the nationalism he saw in Germany and controversially defended French colonization of Algeria Jeremy Jennings traces Tocqueville's lesser known travels recovering the wider insights of one of history's great political thinkers

International Law and Empire Martti Koskeniemi, Walter Rech, Manuel Jiménez Fonseca, 2017 By examining the relationship between international law and empire from early modernity to the present this volume improves current understandings of the way international legal institutions practices and narratives have shaped imperial ideas about and structures of world governance

Tocqueville and His America Arthur Kaledin, 2011-08-23 Kaledin offers an original combination of biography character study and wide ranging analysis of Tocqueville's Democracy in America bringing new light to that classic work

Rousseau and Liberty Robert Wokler, 1995

Rousseau is considered to be at once the most modern political thinker of the 18th century and the most ancient in his allegiance to classical republicanism These essays address the place of liberty in his moral and political philosophy and the origins meaning strength weakness and significance of his argument Enlightening Revolutions Svetozar Minkov,Stéphane Douard,2007-01-01 The essays collected in this volume make a serious enlightened contribution to the history of political philosophy While offering striking new interpretations of crucial texts and events in the history of the West they illuminate fundamental questions of politics religion and philosophy **Tocqueville Unveiled** Robert T. Gannett,2003-09-15 Drawing on his unprecedented access to Tocqueville s papers Robert T Gannett Jr reveals the ingenuity of Tocqueville s analyses of issues such as landownership administrative centralization and public opinion in pre reolutionary France

Correspondance D'Alexis de Tocqueville Et D'Arthur de Gobineau Alexis Charles Henri Maurice comte de Tocqueville,Joseph Arthur comte de Gobineau,1959

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
