Providing a comprehensive introduction to the topic of accountability and datafication in the governance of education the World Yearbook of Education 2021 considers global policy dynamics and policy enactment processes. Chapters pay particular attention to the role of international organizations and the private sector in the promotion of performance based accountability (PBA) in different educational settings and at multiple policy scales. Organized into three sections, chapters cover the global, local construction of accountability and datafication, global discourse and national translations of performance based accountability policies and enactments and effects of accountability and datafication including controversies and critical issues. With carefully chosen international contributions from around the globe the World Yearbook of Education 2021 is ideal reading for anyone interested in the future of accountability and datafication in the governance of education International Handbook of Teacher Education John Loughran, Mary Lynn Hamilton, 2016-05-04 The

International Handbooks of Teacher Education cover major issues in the field through chapters that offer detailed literature reviews designed to help readers to understand the history, issues and research developments across those topics most relevant to the field of teacher education from an international perspective. This volume is divided into two sections. The organisation and structure of teacher education and knowledge and practice of teacher education. The first section explores the complexities of teacher education including the critical components of preparing teachers for teaching and various aspects of teaching and teacher education that create tensions and strains. The second examines the knowledge and practice of teacher education including the critical components of teachers' professional knowledge, the pedagogy of teacher education and their interrelationships and delves into what we know and why it matters in teacher education *Mathematics*
