Serge-Christophe Kolm

Anarchist An Mc Serial Novel English Edition:

Gothic Realities L. Andrew Cooper, 2014-01-10 Eighteenth century critics believed Gothic fiction would inspire deviant sexuality instill heretical beliefs and encourage antisocial violence this book puts these beliefs to the test After examining the assumptions behind critics fears it considers nineteenth century concerns about sexual deviance showing how Frankenstein Dr Jekyll and Mr Hyde Dorian Gray and other works helped construct homosexuality as a pathological dangerous phenomenon It then turns to television and film particularly Buffy the Vampire Slayer and David DeCoteau s direct to video movies to trace Gothicized sexuality s lasting impact Moving to heretical beliefs Gothic Realities surveys ghost stories from Dickens s A Christmas Carol to Poltergeist articulating the relationships between fiction and the real supernatural Finally it considers connections between Gothic horror and real world violence especially the tragedies at Columbine and Virginia Tech

Macrojustice Serge-Christophe Kolm, 2004-12-13 The main features of the just society as they would be chosen by the unanimous impartial and fully informed judgment of its members present a remarkable and simple meaningful structure In this society individuals freedom is fully respected and overall redistribution amounts to an equal sharing of individuals different earnings obtained by the same limited equalization labour The concept of equalization labour is a measure of the degree of community solidarity reciprocity redistribution and equalization of the society under consideration It is determined by a number of methods presented in this study which also emphasizes the rationality meanings properties and ways of practical implementation of this optimum distribution This result is compared with the various distributive principles found in practice and in political philosophical and economic thinking with the conclusion that most have their proper specific scope of application The analytical presentation of the social ethics of economics is particularly enlightening **New York Times**
